

WEST LINCOLN TO HAVE M.O.H.

The Independent

VOL. LXIII—No. 42—12 PAGES.

GRIMSBY, ONTARIO, THURSDAY, APRIL 22nd, 1948.

HOW MANY THOUSAND TONS OF COAL HAS HE SHOVELLED?

For 26 Years Eli Davis, With His Ready Smile Delivered Fuel to Citizens of This District — a Full Blooded Indian With a Strong Desire to Live Like White Folks Live — He Has Succeeded.

Eli Davis was born in the Township of Delaware, Middlesex County, in 1885. His life story is by no means spectacular, nor does it contain episodes usually found in this type of story, of how successful a man has been, the great deeds of his life, and what he accomplished for his fellow man.

This then is the story of a man who was born simply without pomp and ceremony, born to Oneida Indian parents on the Oneida reserve in Western Ontario, and who has settled in the town of Grimsby, where he has lived simply, worked hard all his life, turned to Jesus Christ for companionship, and who said to us very simply—"My greatest thought is being accepted and living with white people, and to have the right to use the privileges that they have in their own homes." This then is Eli Davis.

The only boy of a family of ten, Eli spent his youth working on his father's farm on the Reserve. He married when nineteen years of age, and to him four sons were born, three of these boys of whom Eli is so proud are holding down

GREAT BRITISH ACTOR BOOKED FOR GRIMSBY

Dickson-Kenwin Will Appear In "Cameos Of The Drama" Tomorrow Night At High School.

The greats and near greats of the stage world of past and present are familiar to Dickson-Kenwin who will appear in Grimsby on Friday, April 23rd, under the auspices of the Grimsby Players' Guild. The performance will be in the High School Auditorium and will commence at 8:15.

Dickson-Kenwin has appeared in almost every country in the world during his career of fifty years, and has been actively associated with such by-gone stage stars as Sir Henry Irving, Beerbohm Tree, Mrs. Patrick Campbell, Sir Gerald du Maurier, Sir Charles Wyndham, Sir Johnstone Forbes-Robertson. His one-man programme is an amazing exhibition of versatility, and ranges from Shakespeare to the present day.

Dickson-Kenwin, like the mythical Greek Sea-God, Proteus, is able to change his personality, voice and appearance, without the aid of special costume or make-up, and for two hours he holds his audience spellbound as he passes

LIONS CLUB MUSICAL REVUE PROVED A HOWLING SUCCESS

Younger Generation Showed Adeptness In Song And Dance Routines—Plenty Of High Class Comedy—Dramatic Efforts Of Amateur Thespians Very Good.

(By BRYDON AND RICHES, The Independent Staff Critics)

Billy Rose's Diamond Horseshoe or The Folies Bergere de Paris, had absolutely nothing on Grimsby in the Springtime. For on Thursday and Friday last week the local Lions Club staged their super-stupendous production, The Leap Year Revue, and both nights played to a capacity house up at the High School Auditorium. It was a great success for the Lions, a personal triumph for the talented and experienced director of the Folies, Col. Chetwynd, and the entire cast, and great entertainment for the hundreds who enjoyed the show. It's a wonder to us why the Lions hadn't thought of the idea before this. In our opinion it was amateur entertainment at its best. A lot of real talent was shown during the

LIVING CONDITIONS IN CHINA MOST TERRIBLE IN THE WORLD

FORMER GRIMSBY MAN PASSES IN FLORIDA

Stanley Patterson Suffered A Heart Seizure On Saturday Night — Nephew Of Mrs. Mary Whittaker.

Information received in Grimsby on Sunday night was to the effect that a former Grimsby resident, Stanley Patterson of Wintergarden, Fla., had suffered a heart seizure on Saturday night and passed away.

As far as is known he was visiting with another old Grimsby boy, James Cloughley at the time of the seizure, as it was Mr. Cloughley who telephoned the sad information to Grimsby.

Deceased was well known in this town and district. He was born in LeRoy, N.Y., but had come to Grimsby as a young lad to reside

Bad Fire On Hill

Defective Electric Wiring Cause Of Blaze That Partially Burned Home Of Basilian Fathers—Was The 100 Year Old Book Homestead.

Defective wiring was blamed for a fire which partially destroyed the old homestead of the Book Brothers, Grimsby Mountain, early Wednesday morning.

The ancient but spacious residence now houses the leaders of the Basilian Fathers, and most of the furnishings and equipment was saved by students and residents of the large farming organization, with valuable assistance from members of the Fire Dept., who fought the blaze under the direction of Chief Alf Le Page.

It is understood that on Tuesday night some ten hours before the blaze was discovered in the partitions, defective wiring may have been smoldering, however it was not until eight o'clock Wednesday morning that the flames appeared, and an alarm turned in.

The rambling old home was insulated with shavings, which hampered the efforts of the firemen however the blaze was brought under control after the roof had burned away. A near-by pond gave firemen an ample supply of water. None of the newly constructed farm buildings which surround the house were damaged.

The loss is partially covered by insurance.

TWO INVESTIGATIONS INTO DISTURBANCES

Beverage Rooms Were Closed Last Friday By Proprietor Who Claims "Lack Of Protection."

A double-barrelled investigation is under way into the closing of local beverage rooms on Friday afternoon last due to alleged lack of police protection.

One investigation is being conducted by the Liquor Control Board of Ontario, and the other by the police committee of Town Council.

Following disturbances at Hotel Grimsby on Thursday night, Gordon Hannah, proprietor, notified the Liquor Control Board on Friday that beverage rooms at Hotel Grimsby and Village had been closed. It is reported that on telephone advice from an official of the Liquor Board, both establishments re-opened Friday night. Local police, it was claimed, would not respond to a call for assistance from Hotel Grimsby on Thursday night.

While Grimsby town officials (Continued on Page 5)

GRIMSBY LIONS ARE HOST TO 15 CLUBS AT SPRING RALLY

Over 400 Members Attend Dinner On Tuesday Night—Willson Woodside Guest Speaker—Zone Five Is One Of The Largest And Best In The Province With A Membership Of 957.

The Grimsby Lions played host to delegates from all of the fifteen Clubs of Zone 5 on Tuesday night, with the proceedings taking place in Club Henley, St. Catharines.

With a membership of nine hundred and fifty-seven, these fifteen Clubs have established an enviable record in Lionism, and have made Zone 5 one of the more potent in the Province. Capable club presidents and club secretaries, working with equally capable leaders, such as District Governor W. A. Phipps, of Paris, and Deputy District Governor P. V. Smith, of Grimsby, have brought this zone to the fore, and the achievements of the Lions in this zone, speak well for the individual Clubs and the governing bodies who have helped weld them into an organization of which any district can be proud.

The lengthy program commenced with a word of welcome from President Dr. Aub. Crich of the host Club, whose remarks were followed by a brief summary of a few of the important gains made in Lionism in this Zone by its Deputy Governor, P. V. Smith. He made mention of the recent 25th anniversary of the St. Catharines, Welland and Port Colborne Clubs, also the recent formation of Port Dalhousie and Jordan Clubs.

District Secretary Bruce Malcolm headed the introductions of the various Clubs, naming first, the two new members, Jordan and Port Dalhousie. Others include Beamsville, Grimsby, Chippawa, Dunnville, Fonthill, Port Erie, Merritt, Niagara Falls, Niagara-on-the-Lake, Port Colborne, Ridgeville.

BIG TRANSPORT TRUCK BOGGED IN THE MUD

When the main leaf of the right front spring suddenly snapped as the vehicle was passing another going in the same direction on the Queen Elizabeth Way on Thursday, a 10-ton loaded tractor-trailer, owned by Fleetway Transportation Co. and driven by Stirling Gunn, of Niagara Falls, swerved across the boulevard with its front end on to opposite traffic lane.

The stiff boulevard was torn up to such an extent that the big out-let was hinged down to the axles. It was necessary to remove the load before the truck could be pulled out. Investigating police describe the accident as "one of the most unusual we have encountered."

County Board Of Health Accede To Wishes Of The People And Will Also Open An Office In The Eastern Village—Public Will Be Advised As To Where They Can Communicate With Health Unit Officials.

An office of the St. Catharines-Lincoln Health Unit will be opened in Beamsville and a new Assistant Medical Officer of Health will be appointed who will be required to live in the west end of Lincoln, preferably in Beamsville.

This was decided on a motion by Reeve Romaine K. Ross of Pt. Dalhousie, seconded by Ald. Harry Gale of St. Catharines, at the April meeting of the Board of Health for the St. Catharines-Lincoln Health Unit held last Tuesday afternoon. All members present voted in favor.

Dr. Robinson, one of the Assistant M.O.H.'s, now on the staff, is resigning on May 15, and a new appointment will be made to fill the post.

The decision to require the new Assistant M.O.H. to live in the west end of Lincoln County was prompted by recent expressions of dissatisfaction emanating from both Beamsville and Grimsby that they were not getting proper treatment in Health Unit coverage. The Board felt that by making this provision in the motion they would be providing a more balanced coverage of the territory.

HIGH SCHOOL PUPILS VISIT INDEPENDENT

Are Amazed And Deeply Interested In The Intricate Machines Required To Produce A Newspaper.

(CONTRIBUTED)

Last Thursday the pupils of Grimsby High School grade XII class in vocational guidance visited The Grimsby Independent.

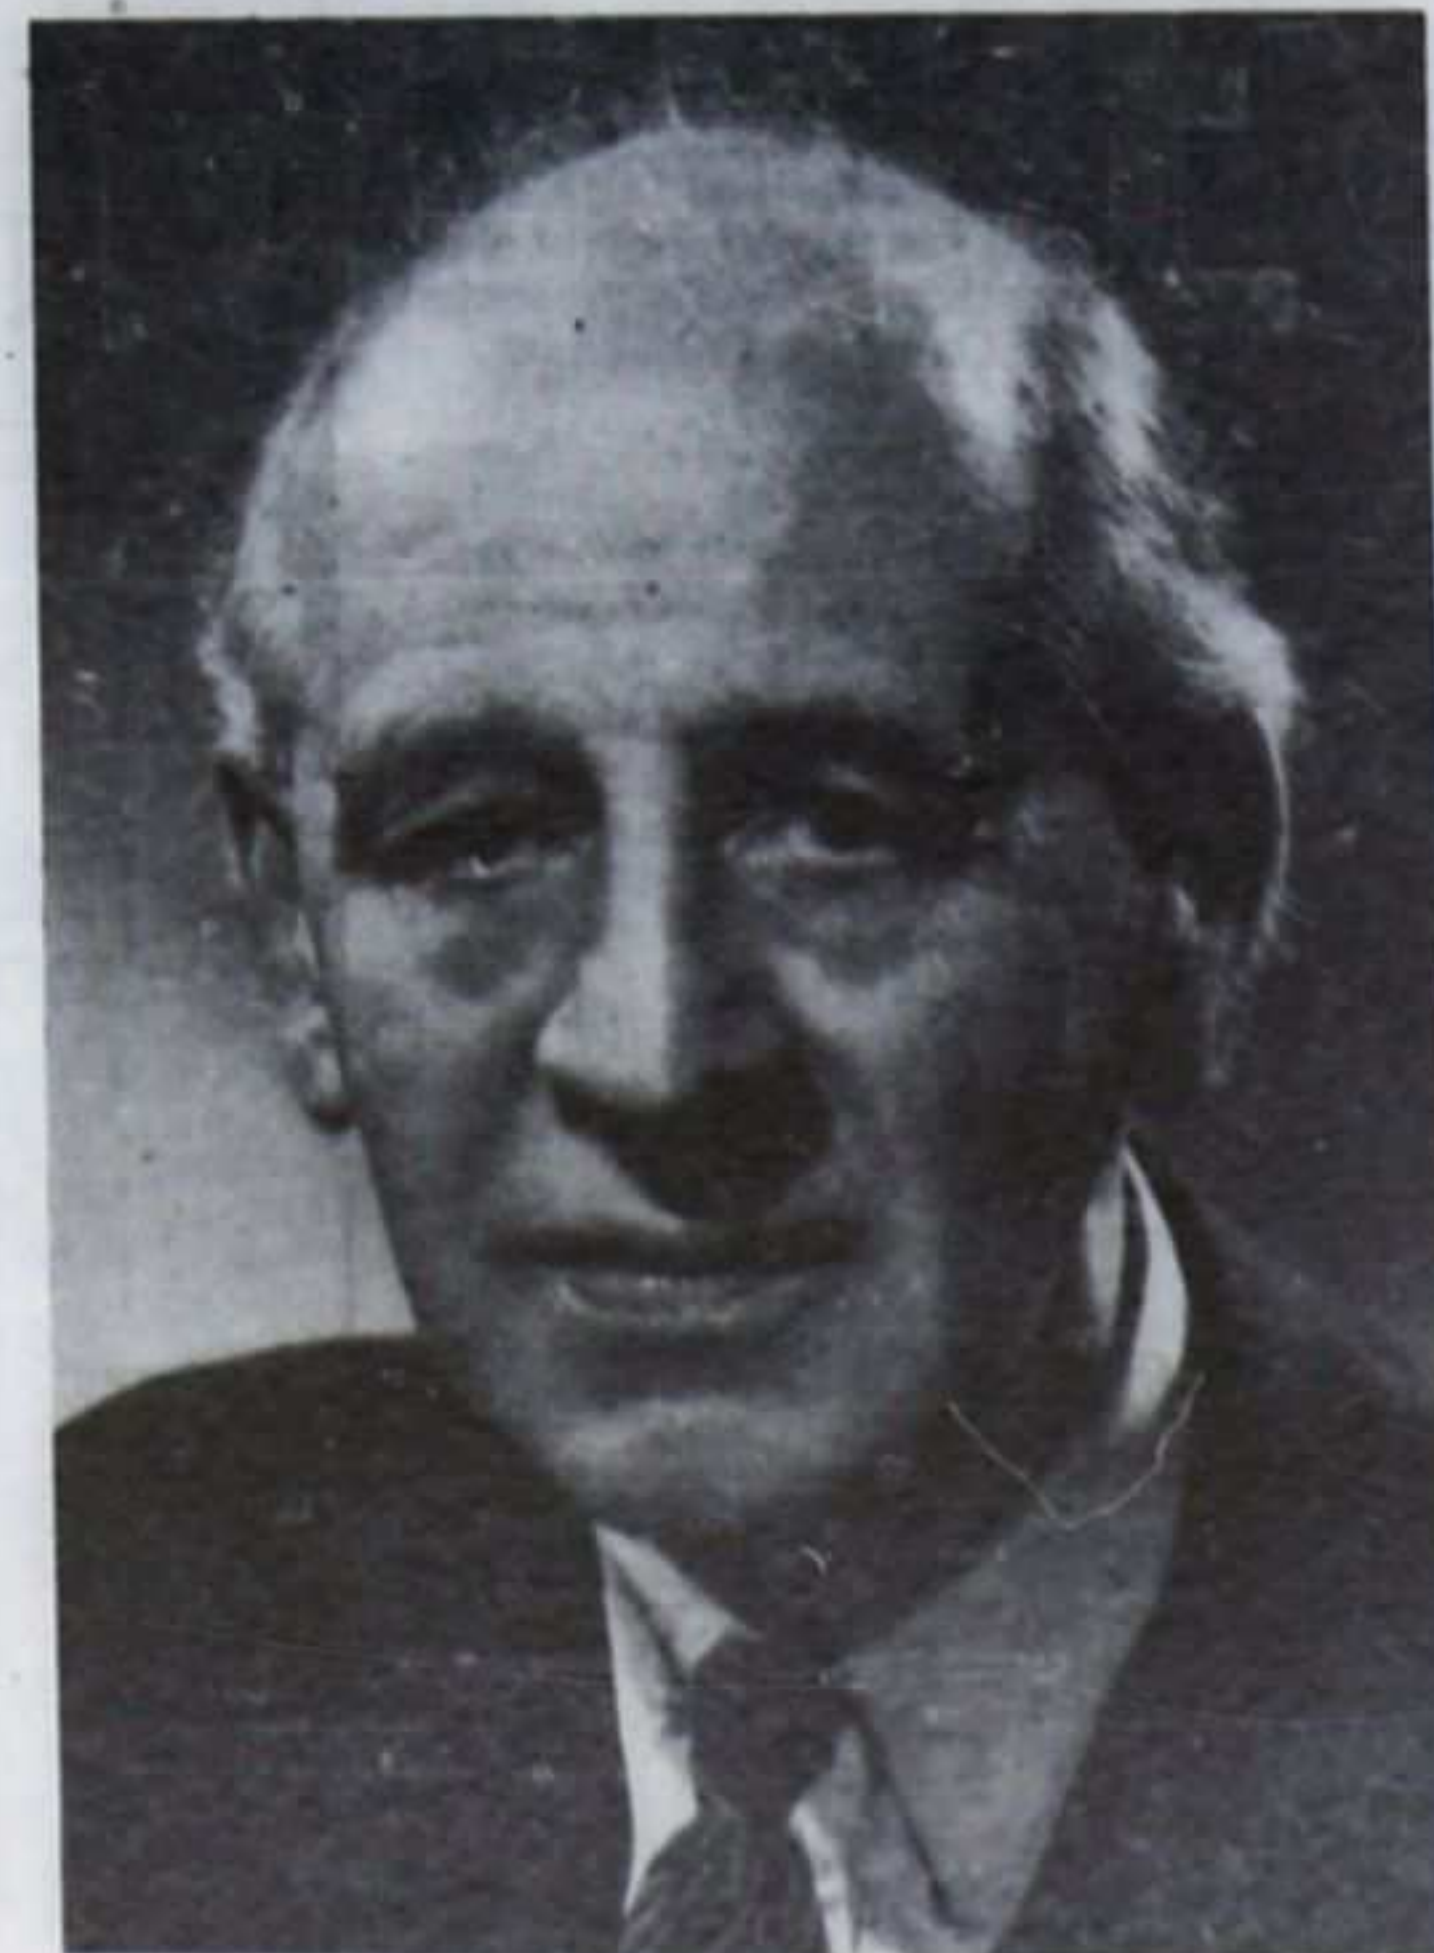

The aim of the visit was to see just what takes place behind the scenes in a modern printing establishment. All the members of the Independent staff were most helpful in demonstrating the various types of machines used and their various functions.

Although the pupils showed a keen interest in all the machines, the linotype and the newly acquired Miehle press proved to be the centres of interest. The speed and deftness of the latter amazed all of us. Dyke Lawson gave the group a fine demonstration of this piece of equipment.

The linotype, always an interesting device, fascinated the visitors. They were able to see this intricate

True independence is never afraid of appearing dependent, and true dependence leads always to the most perfect independence.

FACTS & FANCIES

Frank Fairborn, Jr.

BALL SEASON OPENS

This is the month for the opening of the baseball season, and what might be termed having something on the ball comes from The Kingston Whig-Standard:

Baseball never saw a triple play as fast as the transfer of money from employer to employee to tax collector in some income brackets. The last named gets it before the second lays hands on it.

In other words, Canadians are up against the greatest squeeze play in their history.

WHAT WE PAY

In publishing comparative income taxes for the United States and Canada, The Toronto Telegram expresses the opinion, once also expressed by Finance Minister Abbott, that if we have a much higher tax schedule in this country, the exodus of Canadians to the South will be further encouraged. It is evident from the following comparison that Canadians are much more heavily taxed than are citizens in the States:

Net Income Before Exemptions	New U.S. Tax	Present Canadian Tax
\$ 2,000		\$ 50.00
2,500	17	161.25
3,000	100	278.25
4,000	266	518.25
5,000	422	770.25
6,000	598	1,034.25
7,000	780	1,312.25
10,000	1,861	2,287.25
15,000	2,512	4,311.25
25,000	3,888	9,333.75

OUR CRUMBLING LAKE SHORE

About five years ago a journalist wrote with visionary zest about how "in a lonely, untamed stretch of Ontario's northern hinterland men are pitting brain and brawn against the might of Nature in a tremendous and unique undertaking which is making both history and geography."

But down in tamed and teeming Southern Ontario they have been watching good old Lake Ontario's shores crumble and eyeing that unique undertaking up in the wilderness with considerable coolness. For the now-completed Okogi diversion, that gave the province a lot of new hydro-electric power, attained its end by diverting into the Great Lakes system water which formerly emptied into James Bay.

The diversion provided another 65,000 horsepower. How far has it contributed to lake shore erosion?

There was a meeting the other day of the Niagara-Toronto Lake Shore Protective Association, a group first formed in this city in October, 1945, and some of the facts since established by investigation were presented by S. H. Fleming, K.C., of St. Catharines.

Where the shore line was of clay formation, for instance, the rate of erosion has been approximately two-and-three-quarter feet per year over the past one hundred years, although the erosion was greater in the years of the period of high water than when the water was low. It was also found that no erosion works can be successful on the whole, unless they are constructed continuously along the entire water front.

Mr. Otto Holden, formerly Chief Hydraulic Engineer of the Hydro-Electric Power Commission of Ontario, concluded in an address on April 14, 1944, that "over a period of time this diverted water (due to the Okogi project) will raise the levels of the Lower Great Lakes and thus benefit navigation by increasing the carrying capacity of the lake freighters in their many journeys during the year."

Irrespective of how this has affected the level, the extremely high water of the last six years has materially accelerated the normal rate of erosion. Had the lake levels been following their usual cycles of high and low water, we would now be approaching a period of low water rather than finding a consistently high level being maintained.

FANATIC: One who redoubles his energies after he has forgotten his aim.

BIGGEST INDUSTRY SHACKLED

It is almost three years since the end of world war II but so far as Government control is concerned, Canada's greatest industry is still completely hogtied. There is no such thing as a free market for agriculture. The Financial Post points out editorially. A handful of men at Ottawa and elsewhere dictate where, when and for how much Canadian farmers must sell 90 per cent of their production.

There is only one buyer for every bushel of wheat the farmer has to sell, the Government wheat board, and the price is fixed rigidly. With practically all other grains it is impossible to export without a permit and by no means are permits readily granted. Farmers are not permitted to ship beef cattle to the United States though this has long been the natural export market.

Butter prices are still fixed by the Wartime Prices and Trade Board and the same applies to many fruits and vegetables. The prices of eggs, cheese, bacon and many other farm products are effectively controlled through a series of Government-negotiated food contracts with Great Britain. Milk prices are fixed in practically every province.

Once the most independent citizens in our whole economy, today the farmer is completely at the mercy of Government control.

If we hope to survive we should start now. The first step is to get rid of the present shackles. Marketing control of Canada's largest business should be restored to the men who operate that business.

THIS BUSINESS OF BABY SITTING

In recent years the baby sitter has come to be an important factor in community life. Normal activities for young parents could not go on without the assistance of someone to stay with the youngsters. Of course, there have always been baby sitters, but those employed in earlier years would be no doubt quite startled to hear themselves referred to in such terms. It used to be a relative or a friend was usually available to keep an eye on junior when parents got out for a little recreation. Nowadays it is usually a teen-age girl who stays with the children.

Many parents entrust their children and

most of their worldly possessions to a girl 12 years or older, whom they may not know too well, and probably they do not give much thought to heavy responsibilities they are placing upon her shoulders.

An insurance company has given more thought to the problem of equipping that girl with enough information so that she can handle any emergency that might arise.

They suggest that before leaving for that game of bridge or the theatre that you make sure that your baby sitter knows the following things:

The phone number at which you can be reached or the name of a near neighbor whom you know will be at home.

How to call the fire and police department.

What doctor to call should that be necessary, and his phone number.

That the door should not be opened to an unknown caller.

How to make sure that the door is locked after you leave.

Instructions regarding food, drink, diapers and such things.

The insurance company also suggests that you make sure that paper and pencil are available so that the baby sitter may record incoming calls.

If all this is too much trouble, the company observes you place light value on the lives of your children.

WHAT HAS ONE DONE?

When people apply for a job, the question "What have you done?" is often asked. The sort of work that people have done, and the way they have done it and the interest they took in that job, throws light on the question as to how they will do if they get the position for which they are applying.

If people in applying for a job can demonstrate that they did a good and faithful work in their previous employments, there is a strong indication that they will do well if a new opportunity is given them. If they

have shown industry and intelligence and ambition in the past, confidence can be felt that they will do so again. When students finish their education in schools or colleges, it is a strong recommendation in seeking work, if they have done well in their studies.

I observed three beautiful young damsels holding a discussion, of some length, in front of the Busy Bee at 10 minutes to three on Saturday afternoon. Free discussion in a free country. I hope they were discussing that subject. At the same time the one young matron did not have to stand with her one leg jammed up against the telephone pole.

This columnist is not going to church on Sunday, his Padre knows that. But, he does not want any other good church-goer to be wandering in late and disrupting the Minister's sermon. Remember that by the edict of Mayor Harry Bull you must change your clock at 12.01 on Sunday morning. Daylight Saving Time then comes into effect. Ma says, "don't blame Harry Bull, blame Mackenzie King." No matter who is to blame, don't you be late for church.

So Drew is going to the country. Well, Archie Aiton and this columnist are not going to do too much fighting over the matter. You see the big Hydro is an Ontario problem. Grimsby Hydro is Archie Aiton's baby. On another page of this paper you will find the financial statement for 1947 of YOUR Grimsby Hydro. Archie Aiton, hard shell-ed Grit that he is, fought to get this Hydro system for Grimsby, and this columnist, terrible a Tory as he is, still doffs his chapeau to Archie Aiton. When election day comes Archie and I will pair off for the very simple reason that Archie will vote Grit and I will vote Tory and that is all there is to it.

Wonder what the town team feels like. Last week they lost a real friend. "Jim" Scott was a real horseman. Up until the time that he took charge of that wonderful pair of greys they were just "wild horses." He made them a team. He made them the best piece of advertising that the town of Grimsby possessed. American tourists by the hundreds stopped to admire that team and have a friendly chat with genial Jim. Supt. of Works Lawrie, a born horseman himself, is in a quandary as to just who will handle that team. It is a question that Chairman of Board of Works Scott would be well advised to leave in the hands of Mr. Lawrie. Teamsters are born. Truck drivers are made.

Am I pestered. The two college nuts are home. I said NUTS. It would not have been so bad if MacGregor had not been in bed with the flu, for he knows how to handle these nutty animals. I did not say, squirrels. Anyhow they accomplished a good job on criticizing the "Leap Year Revue" produced by my good friend Col. Chetwynd, for the Lions Club. You may hear more of this pair. I expect to, but I'm afraid that one of these nights that it will be Chief "Bill" Turner that I will be hearing from. I come back to use my typewriter, after this young pair of whippersnappers, who think they will be newspapermen, have used it. Outside of the fact that it was not upside down, it still was not right. I hope they take the hint.

FAIR GAME
A morning newspaper comments that cats, pet dogs, cows and race horses are in danger of being classed as fur-bearing animals and legal game for hunters.

The interpretation is hinged on the wording of the legislation which concludes with, "and any other animal which the Lieutenant-Governor-in-Council may declare to be a fur-bearing animal."

We wonder how the Lieutenant-Governor-in-Council feels about fur-coated blondes.

DETERGENTS
In the old days when soap was just a cleansing agent without magical properties, people used to pour their dishwater on their flowers.

It was supposed to wash away the bugs or fertilize the ground or something.

A reader asks if the same thing can be done with dishwater in which one of these new detergents has been used.

One of a soap company's soft-soap men says "Certainly."

The detergent is even more helpful to the flowers than ordinary soap and can't harm them. He says that a person could drink the water without harm.

We don't think we will try drinking it.

WOMEN'S UNDIES HAVE NEW LOOK
Baltimore, April 13—Is there a new "new look" in ladies' underthings?

Baltimore police, blushing a little now and then decided Saturday that there must be.

The picked up a man after the burglary of women's shop and in the loot were six panties—all bearing in delicate lettering the name of a day of the week.

The were only six—Wednesday's was missing—but the manager of the shop latter discovered that Wednesday merely had been overlooked by the thief.

In addition to the lettering, the pretty filmlets were decorated with fancy insignia suggesting a theme for the day's activities.

Fortunate Thursday had a pair of crossed duckpinto be worn, supposedly at the bowling alley. Fray had an array of musical notes—probably for dancing.

As a Wednesday, the saleslady whispered. "Wednesday's theme is a ballet girl."

THENADAYS

PALACE HOTEL	
— MENU —	
Roast Beef	50c
Full Dinner	
Sirloin a la carte	25c
Baked Ham	40c
Full Dinner	

O, don't you remember the Palace, Ben Bolt, the old home town's early hotel, where natives "put up" for a meal or a bed and transients would stop "for a spell"? You surely recall the old creaky boardwalk, the bench with its whittled designs worn smooth by the townsfolk who sat there to talk in the shade of the clematis vines. Remember the lobby, the pot-bellied stove with sawdust surrounding its base, the washpan and towel in the dusty alcove, and houseflies all over the place? A dinner bell signalled that victuals were on, to care for the inner man's void; we usually ate till the food was all gone, "family reach" was the technique employed. In those pioneer days you hardly could choose a hostel more peaceful and quiet—except for the keen competition to use the bathroom on Saturday night! "There's hot and cold water," the clerk would inform the guest—but he should have been told the water in summer was always to warm, in winter it always was cold! In my room a smoky oil lamp faintly gleamed; a scratchy straw mattress I saw—in torturous slumber I tossed as I dreamed that horses were eating the straw! The rope fire escape was a thing to admire, its length neatly coiled on the floor (yet there was no danger of having a fire—unless you paid thirty cents more!).

The New Palace stands on the site of the old, imposing in brick and concrete, from skyscraper windows the guests may behold dense traffic congesting the street. A swank "majordomo," whose stance I adore, resplendent in buttons and braid, receives my salute as I enter the door—boy! he should command a brigade! By New Palace rules it's considered the thing for guests who would lodge, to apply and make reservations quite early in spring—for rooms they would like in July! It's all air conditioned from bottom to top. An orchestra plays while I dine; at choosing French dishes I once was a flop but now I am going just fine, and if I'm served shrimp when I ordered "crevettes," from censure I keep myself free: I eat "epinard" without any regrets—(though it tastes just like spinach to me)! I call for "Room Service" with happy result; I daintily nibble my toast and drink my fruit juice (as I slyly consult my copy of Emily Post)! And when I check out of this Palace de Ritz, I then run the Gauntlet de Palms of bellhops and flunkies, with oversize mitts outstretched to partake of my alms. At luxury-living I've had my brief fling; of cash I'm completely bereft; those signs in the rooms "Have You Left Anything?" must mean "Have You Anything Left?"

A PRETTY PRACTICAL FASHION

By ALICE ALDEN

IT'S PRETTY practical, this idea of seeing to it that dainty costume jewelry assumes a role that is functional as well as decorative. Coro did this very pretty pearl circlet set, and one bright girl had the notion of using the pretty circlets as buttons to set off the none-to-pleasing surplice closing of a simple black dress. With pearly bangles and tiny pearl circlets in the ears, there's lots of charm in the set.

Hello Homemakers. No matter how willing you are to share a nice roast chicken with a hungry family in Europe, you are not able to do so. The family is too far away and the baked fowl too difficult to ship. But you can save food for unfortunate children in another way. For instance, if you raise chickens, you should cull them about this time of year. The poultry specialist, who knows the lazy hens, will sort them out of the flock and thus save the grain it takes to feed these non-producing fowl. Fifteen pounds of grain so saved will provide sufficient cereals and bread for a starving person to live a month.

Careful culling will also mean that you get top production of eggs with the least amount of feed. It will actually cut down on the cost of egg production.

Have the old birds cleaned to store for your own use next fall. They have meatiness and flavour that most young birds lack. Before canning the chicken, cook serving pieces slowly just as you would for stewed fowl. Then pack it in the jars, either with the bones or boneless. The safe method of processing is a pressure canner—or a pressure saucepan for pint jars. If you have a freeze locker, the pre-cooked chicken may be frozen and kept there for several months. Pack the chicken in cartons, add a little liquid. Seal in carton and place it in the locker right away.

CANNING TIME TABLE

(15 lbs. pressure)
Chicken with bone—65 mins. in pint jar; 75 mins. in quart jar.
Chicken giblets and hearts—85 mins. in pint jars.

TAKE A TIP

1. Cut thoroughly cleaned chicken into pieces and separate into 3 piles, the meaty pieces (breast, upper wings, thighs); the bony pieces (backs, legs, wings) and the giblets. If canning a large quantity, cook these groups separately.

2. The giblets and hearts may be cooked and canned separately. Use the livers fresh for the day's meat dish.

3. Trim off some of the fat since too much makes the chicken difficult to process.

4. Cover with lightly salted warm water, simmer until tender. Allow about 25 minutes to each pound of chicken. Or cook in pressure saucepan about 15 mins. per

5. Do not add pepper or spices if you intend to store in freezer.

6. Remove skin, if desired, although it is not necessary.

7. Canned chicken with bones has better flavour although the product requires more jars.

8. The juice does not necessarily have to fill the jar for good keeping. If you have extra stock you may fill jars to overflowing and process in pressure saucepan for 20 mins. to use as soup stock.

9. Canned chicken may be served as cold chicken, chicken salad, chicken pie, chicken à la king or chicken with dumplings.

THE QUESTION BOX

Mrs. H. H. asks: To what does f.g. refer in your recipes?

Answer: We should say a few grains, or a pinch of spice.

Miss M. D. recommends Chicken Livers with Mushrooms.

The recipe: 6 chicken livers, 1 slice bacon (in pieces), ¼ cup sliced mushrooms, 1 green onion (chopped), 2 tbsps. flour, 1 cup chicken stock, 1 tsp. lemon juice, 1½ cups egg noodles.

Cook bacon 5 mins. Remove bacon, add onion and livers for 2 mins. Add flour, stock, lemon juice and mushrooms. Cook 2 mins. Meanwhile boil egg noodles 10 mins. Serve liver mixture on noodles and garnish with chopped chives. Serves 4 or 5.

Note: You may add ¼ tsp. curry powder to livers while cooking for special treat.

Mrs. J. T. asks: How to cook Chicken Giblets so they will be tender?

Answer: Cook cleaned giblets and heart of chicken in a quart of water slowly about 40 minutes. Take out of liquid, chop and put in casserole. Add 4 cups mixed diced carrots and potatoes, season with salt pepper and sage. Add 1 cup liquid. Top with pie crust. Bake in hot electric oven, 30 mins.

Mrs. M. J. says: We keep the contents of opened packages of brown sugar and marshmallows soft and moist by storing them in the bread box.

Mr. T. K. says: Sweet potatoes have no natural sweetness than other vegetables. Let them add sugar to your meals.

Mr. M. says: Plastic measuring spoon in the medicine cabinet assure the fallacy of accurate doses and at the same time good silver is not being tarnish or stained.

Miss J. J. says: If jelly stirred into stiffly beaten whites makes a frosting of smoothness in a lovely pastel color.

Anne Allan invites you write to her c/o The Grimsby Independent, Grimsby, Ontario, Canada in your suggestions on homing problems and watch this column for replies.

LIONS CLUB MUSICAL

The act opened with a choral melody in which the members introduced themselves very effectively: First the Sopranos, Mary Bishop, "Bubbles" Demerling, Olive Dunn, Gloria Jarvis, Betty Lonsdale and Joyce Maycock; the Alto, Jackie Constable, Alice Demerling, Jane Higgins and Penny Smith; then the Basses, Jimmie Baker, Bill Fisher and Herman Taylor, and finally the Tenors, Jack Ansell, Don Gardham and Harold Jarvis. Accompanying the group at the ivories was Dick Mitchell.

From here followed the individual numbers. First one was "The Pride of the Pier" by the chorus with a dance solo by the pride of the pier, Suzette. This was followed by "The Tickle Toe," a lilted dance melody sung by six of the girls of the chorus. The long swishing skirts and the lightly dancing feet produced a very attractive chorus line effect.

Mr. Herb Gillespie was, due to circumstances beyond his control, unable to give his rendition of that famous epic "The Last Shot" by Herman T. Birdwhistle. But he tried.

Following this untimely interruption the show once again got underway with a strong bass solo by Herman Terry. This big fellow has a booming, deep voice, and gave a fine interpretation of the song "I Want What I Want When I Want It."

One of our favorite songs is the immortal "Stardust" by Hoagy Carmichael and one of our favorite parts of Stardust is the introduction. The interpretation of this popular favorite given by the whole chorus was excellent and the beautiful but difficult introduction was flawless as the voices of the whole group blended to bring us one of the best efforts of the evening.

As a break from the choral harmony, came next a piano number by the talented Dick Mitchell, who was the fine accompanist in Part One of the show. His solo number was entitled "a little Pianofage."

Next came the Four Ho(a)rsemen under the hooves of whom "Oh, Miss Hanna" died a beautiful death. At times there was harmony.

Herb Gillespie tried again on his poem but when the lights went out he had to postpone his performance. "never give up" is his motto.

In contrast to the above proceedings, cute little Alice Demerling gave out with a sweet and rhythmic version of the song "I'm Just Wild About Harry." Her dance step catchy, and her voice sweet, little Alice had the audience wanting more of same.

Part one came to an end with the finale, a production number featuring a duet by Gloria and Harold Jarvis. The song, "The Love Nest" was done in perfect harmony by the two, and the clever building of the "love nest" put a great finish to the Part One musicale, "Bits and Pieces." We think that this brother and sister team will become a favorite with Grimsby in the future.

Part one of the big show took the form of a Chinese play called "The Singing Soul." Featured in the cast were Robert Bourne, Kathryn Jarvis, Olga Hudson, Walter Rushak, Reg. Harrison, Tom

Erskine and Audrey Bowers. The costumes, lighting and setting of the play were excellent, especially the lighting effects, praise for which should go to Mr. A. A. (Bert) Constable. The acting was, in general, good, but the performance was stolen by Audrey Bowers, who excelled in the role of Ko Ngai, the Mandarin's younger daughter. Mrs. Bowers handled the part with delicacy and precision. Both her acting and her singing voice deserve praise.

Part Three, "On The Way Home," saw the introduction of the comedy element of the evening. "The Interlude at the Coffee Stall" featuring Dick Mitchell and George Shoemith, was a pleasant mixture of comedy, harmony and sophisticated slapstick.

"Don't you know what a libel is?"

"Shore I do."

"Well what?"

"That's what you put on a bottle."

"Yuk, yuk. That's a sample of what went on."

Herb Gillespie made another attempt at this point but as usual was foiled.

Then came the tap dancing number by three "Terpsichorean artists," but from where we sat it looked more like three pretty girls in red, tapping their way gracefully through their number and an encore. They were accompanied on the piano by Dick Mitchell, and further accompanied by the expressive antics of the two ham-burg men, Ken Baxter and George Shoemith. The three dancers were Jackie Ellis, Jewel Steink and Evelyn Uren.

The musical tempo changed abruptly to that of the Minuet with Joyce Maycock singing "The Second Minuet" prettily and sweetly.

From here Comedy took over when Don Awde wandered in, blackfaced, as an advertising sandwich man. Don Awde illustrated his talent and versatility by performing with equal skill on the guitar, cornet and banjo and finally buying the latter for the fabulous price of one pound of butter.

Don was capably accompanied by Ken Baxter, who looked extremely handsome in his black derby.

Well executed and graceful movements accompanied by a pleasing melody featured the three couple production "Tell Me Pretty Maiden." The voices in this number blended quite well. Talented Betty Lonsdale gave a great performance here.

The dancing teacher "Suzette" immediately preceded the finale with a picturesque little Scottish dance which the audience seemed to thoroughly enjoy.

The finale was a mercenary take-off on the Torreador song from the opera Carmen. Jack Ansell and Jimmie Baker with solos and the rest of the cast carried their parts very well.

Note: We regret to report the untimely demise of one Herb Gillespie, whose death, it is believed, is connected in some way with a mysterious woman in black. (I guess she shot him). Regardless of how the poor man met his end he was well disposed of by two honourable gentlemen undertakers, Herbert "Long Pan" Jarvis and Andrew "Coffinhead" Constable.

Thus ended the Leap Year Revue, a great initial production. The Lions are to be congratulated, but are fortunate in having two men among them who have the know-how and experience needed to make a production of this type a hit with the people of the community. The two gentlemen in question are Col. G. R. Chetwynd, who holds the Canadian Drama Award for direction, for work done in Ottawa, and Mr. R. W. "Dick" Mitchell, who has had much experience and success in musical work also in Ottawa. To these men must go much of the credit. However, the entire cast did a fine job on the show, and in passing we might mention that considerable talent was shown by the various members.

Orchids must also go to the executive branch of the production; the stage executive; to Suzette for the dance routines; to H. G. Brownlee for the carpentry; to Herb Jarvis the prop man; to the master electrician, Bert Constable, and to the wardrobe mistress, Mary Bishop. And of course, to the Director and Musical Director, whom we mentioned before. The house executive; to the business manager, Vern Tuck; to the house manager, Bob Johnson; for publicity, Dyke Lawson; to the ticket manager Mel Johnson, and to the programme manager Herb Betzner. Orchids to all of them for their work. And to many others for time spent and equipment loaned.

It was really a worthwhile entertainment project, one which the Lions Club can duplicate again anytime they want to, and we are speaking for the citizens of the community who enjoy fine entertainment.

Only next time give Herb Gillespie a chance, too.

C.P.R. SPEEDS TICKETING

G. A. MacNamara, vice-president of traffic for the Canadian Pacific Railway, inspects a new ticket issuing and accounting machine, the first of its kind on the North American continent, which went into service at the C.P.R.'s Windsor Station in Montreal recently. The machine prints its own tickets when the ticket seller inserts a matrice, such as Mr. MacNamara holds in his left hand, into the slot on the lower right hand corner. In his right hand Mr. MacNamara holds a ticket that the machine has just issued. The bottom picture of one of the coach tickets the machine issues shows how much more compact it is than the type of coach ticket at the right. As well as speeding up ticket sales, the machine keeps full accounting records. Installation of the machine in other main Canadian Pacific centres across Canada depends upon the success of the machine in its initial performance in Windsor Station, which was picked for the introduction because of the volume of business handled there. It is expected that the machine will be able to handle 90 per cent of the coach tickets issued there, and tickets will be issued to practically all C.P.R. points within 24 hours travelling time of Montreal.

THE FARM ACCOUNT BOOK AND INCOME TAX GUIDE SAVES FARMERS TIME, TROUBLE AND MONEY

SAVES YOU TIME—You will find that a few minutes a week keeps your Farm Account Book up-to-date. The first 15 pages of your new Farm Account Book tell a straight story about what is required from farmers. Your problems are dealt with in question and answer form and an index refers you quickly to the section you want. The pages and columns for accounts are numbered to correspond with the items on the Income Tax Return form itself. You can make an accurate record of all farm dealings as you go along.

If You Haven't Received Your Copy, Get It Now—FREE AT YOUR POST OFFICE

SAVES MONEY BY SHOWING YOU HOW—Every farmer legally is entitled to deductions for a wide variety of expenses. Your Farm Account Book has 12 pages devoted to columns for these. You are reminded of items which otherwise you might forget. Depreciation, a big factor, is covered on 75 named articles in common farm use.

You are shown how to establish claims for a Basic Herd and make a Three-Year-Average of your returns. This latter gives you the

advantage of the lowest possible tax and it may be dated back to 1946. These are direct money-saving advantages entirely to your benefit.

THE THREE YEAR AVERAGE

You can't lose if you take advantage of this. Two things are necessary to average your income over the three year period ending December 31, 1948. First your 1947 return **MUST BE FILED ON TIME**—that is, by April 30, 1948. Then when you file your 1948 return in 1949 you may make application to average your income for 1946-1947-1948. This averaging of income continues yearly so that in each year you are taxed only on the average of each three year period.

REMEMBER—HALF CULTIVATED LAND YIELDS A POOR CROP—HALF KEPT ACCOUNTS GIVE POOR RESULTS TOO

Last year Canadian farmers—and there are nearly a million of them—produced over \$2,000,000,000 in farm produce of all kinds. No other single industry approaches agriculture in volume of production. And as in every other business—even the smallest—every farmer must file an account of his transactions with the Department of National Revenue to qualify for the many tax exemptions which are allowed.

HIGH SCHOOL PUPILS
mechanism produce the type for a print setting from molten lead, and as a souvenir of the visit each received a line of type bearing his or her name.

The pupils were surprised to find such extensive equipment in our local printing establishment and had not realized that such intricate machines were necessary to produce Lincoln's Leading Weekly.

Many thanks are due Orion Livingston and Dyke Lawson for their kindness and we hope that in the future there will be other such visits.

The aim of the Grade XII course in vocational guidance is to provide the pupils with some means of making reasonable and intelligent decisions by having some general knowledge regarding occupational and educational opportunities, and more particularly of fields in which the student has a personal interest.

Another aim of this course is to make the pupils aware of the opportunities for employment within their own community. Such visits as described above fulfill the latter aim.

This Thursday the same group will pay a visit to the local foundry.

LIVING CONDITIONS
to as a "labourer's meal." People starve to death by the thousands, and conditions are such, that bitter memories are likely to stay with this traveller many a moon.

The district in which Joe's mother and father lived was hit hard by the Japanese. Houses were burned down, and whole families were wiped out. Joe's own father died as an aftermath of Jap imprisonment. His mother must remain, for under present Canadian regulations, it is impossible to bring her to this country. Joe spoke haltingly as he told of his departure from her. It is not easy for a son to leave a mother under such conditions as these.

"Canada is the best place in the world to live in," said Joe as we terminated our interview and left his spic and span little restaurant. We left with the feeling, that, to this great little fellow the simple things of everyday Canadian life must indeed be a dream come true.

To walk down the street without the fear of sudden death. To eat, to live and to breathe in a democratic nation must indeed be a revelation to a man who has come from a scene of utter futility, destruction—worse than sudden elimination—a slow horrible demise from want of food.

GREAT BRITISH ACTOR
from the sublime to the ridiculous and back again to tragedy.

In this great artist's programme there is something to please every taste from the young to the not so young, and his aim in visiting the Canadian communities is to foster a revival of interest in the Living Theatre and to maintain the high standards of traditional drama.

Dickson-Kenwin is a great believer in Dramatic Education, and has recently completed a new course of study "Applied Dramatic Culture" to help all who wish to increase their powers of self-expression from the art of breathing correctly to the study and presentation of Shakespeare, which the author calls the Foundation of human expression. "Applied Dramatic Culture" is not an ordinary correspondence course, inasmuch as it is linked with an individual Questionnaire which is available to students and subscribers. Dramatic groups, Study Groups, as well as individual subscribers will find this Socratic Course, invaluable as a permanent reference in the art of getting to "know" oneself.

Patrons of the drama should not miss this rare opportunity of witnessing the work of one of the world's greatest living character actors, who, during the recent war toured the Dominion from coast to coast in the interests of home-

morale and to entertain the troops in training, the patients in the military hospitals, and the Canadian Red Cross. During this tour, Dickson-Kenwin's motto is "No hall too small, no theatre too large, no place too distant."

TWO INVESTIGATIONS
were reluctant to discuss the situation, there seemed to be a question of local police having authority to actually enter beverage rooms to quell disturbances.

An official of the Liquor Control Board on Monday said that when municipalities entered into an agreement with the board whereby they receive certain percentages of license fees, fines for infringement of the Liquor Act when

*The Captain's

**PARTY LINE
COURTESY IS
CATCHING...**

Putting it into practice on every call you make is your best guarantee that others will do the same for you.

1. Keep calls brief.
2. Space your calls.
3. Give right-of-way to emergency calls.

**THE BELL TELEPHONE
COMPANY OF CANADA**

Check your car—check accidents. Vehicle defects are involved in 18 per cent of fatal traffic accidents, according to the National Safety Council. These are the danger points of your car, where a safety check may save your neck.

charges were laid by local police, and also a certain amount of on-gallop of beer consumed—Grimsby has signed this agreement and received a considerable sum last year—local police, when sworn in as liquor enforcement officers, "shall at all times diligently and effectively enforce within the municipality the said act and regulations pertaining thereto."

W. W. Turner, chief constable, declined comment on the immediate situation. He had, on many occasions, he said, answered call to Hotel Grimsby. "A policeman is not a bouncer," he added.

As a result of the Thursday night episode, charges have been laid against at least three men.

LIONS SPRING RALLY
way, St. Catharines and Welland. Malcolm's introductions concluded with the introductions of the various Club presidents, and Lions officials at the head table. District Governor W. A. Phipps spoke to the assembly, and paid tribute to them and the work they are doing. "As I near the end of my term in office, with regret, I wish to thank all the Clubs for their fine co-operation, and also to those hard-working Club presidents and secretaries, whose unstinting efforts have made my term a most enjoyable one, and a considerably easier one, especially working with a fine Deputy Governor as outworn P. V. Smith."

Lion Chief Aub Crich introduced the guest speaker, the noted news commentator and news analyst Wilson Woodside. In his introduction of the speaker, Lion Crich gave an enlightening background of the speaker, who has been a frequent European visitor, and as such, a qualified expert on conditions on the continent.

Mr. Woodside's subject was "We Can Win The Cold War," a subject that is most timely, and of great interest at the present time. Braking this subject down into two parts, he asked, "Is there going to be a third war, and if not, how is it going to be averted?"

"Soviet Russia is by no means ready to start a war now or for a great many years. I base this on the fact that to-day Russia is finding it as difficult to recover from the recent war, just as the other nations are. I believe it would take thirty years for a nation like Germany to get ready for a super-atomic war, and there is no reason to believe that Russia faces many of the same problems of recovery as are the other European countries. It is simply because the Iron Curtain cuts off information of this kind, that we do not hear of the Russian problems."

Mr. Woodside gave some rather startling information with regard to the scarcity of machinery in Russia. Hand power is still the chief means of harvesting the crops, and even the cast iron

sources of Russia are mined in a fashion anticipated when compared to the machinery used by nations such as England. Even tiny England to-day mines more coal than does Russia.

The speaker summed up his remarks by comparing Russian industry to-day against that of the United States in 1905. "The Russians cannot compete with the gigantic mass output of the U.S.A., or for that matter the skilled workmanship of the American nation. Russian industry is indeed still in the rough stages," stated Mr. Woodside.

About morale, Mr. Woodside had this to say: "One cannot forget the great battle they put up when their homeland was threatened, but I doubt very much if that same spirit would exist, should they be forced to fight for new territories. It is a fact that tens of thousands of Russian officers and men deserted in Roumania. With them it was a case of not wanting to go back home to Russia, as compared to the highly publicized strike of American soldiers, who when the war was over, clamoured for the right to return to their homeland as quickly as possible."

"I do not think the Soviets would challenge the United States to a global war, when they must realize that the U.S. is fully qualified to turn out the instruments of war in a manner considerably more scientific than the Soviet Union. After all, why should the Russian fight this type of war, when they are so successful in the simple process of taking over a country such as the manner in which they took over Czechoslovakia."

Answering his own question, "How Can We Avert World War Three," the speaker made mention of the recent Communist defeat in Italy. This is a step in the right direction. Another is the successful operation of the Marshall plan. "Our active support of the democratic way of life, and a support of the lesser democratic nations, is one good way to win the Cold War."

"Communism in Canada should be controlled by the R.C.M.P. and our other law officers. They should be able to keep Communist leader strength down, and with a strong program by each democratic thinking citizen, Communism can and will be controlled," concluded the speaker.

A vote of appreciation was moved to the speaker by Lou Whitaker, who said in part, "We have obtained a measure of comfort from Mr. Woodside's remarks, and especially have been bolstered by the fact that Russia is not as powerful as we sometimes expect." The evening drew to a close, with the drawing of three valuable prizes, and for a finale, Toronto artists entertained.

LEGION JOTTINGS

WEST LINCOLN BRANCH,
No. 127, B.E.S.L.

There will be a Bridge and Euchre evening on Thursday, April 29th, at the Masonic Hall. Arrangements are in the hands of a Joint Committee of the Branch and Ladies' Auxiliary.

The Executive Committee held their second Meeting of the month on April 18th.

The Committee of the Branch Poppy Fund met on Monday night. The monthly meeting was held last Wednesday at the Legion Club.

Arrangements are well under way for the May 24th Sports Day, which is now one of the leading events of Grimsby, as representatives of the track world are present from quite a wide area. Application forms have been sent to several Sporting Clubs and the Schools in the surrounding district.

An acquaintance is a person who fails to remember you when you are in trouble.

When it comes to patting himself on the back, the average man uses plenty of elbow grease.

The depression was that period when a money-clip was useless to the average man.

Attention! Fruit Growers

As the words "Bees For Pollination" are spreading we would ask you to place your order immediately. Knowing that bees solve up to 80% of your pollinating troubles, we offer you this service.

Engagement

Mr. and Mrs. Andrew S. Bain, Grimsby, wish to announce the engagement of their daughter, Esther Margaret, to Mr. Robert L. Button, son of Mr. and Mrs. R. J. Button, Hamilton; the wedding to take place in Trinity United Church, Grimsby, on Saturday, May 15th, at 3.30 p.m.

Card of Thanks

The Basilian Fathers wish to take this opportunity to thank the Grimsby Firemen for the excellent work in saving their house from more extensive damage. The efforts of the Firemen were certainly deeply appreciated.

Mrs. E. C. Flory wishes to thank Dr. McIntyre, and nurses and staff for their kindly care during her stay at West Lincoln Memorial Hospital; also the many friends who cheered her with their visits and gifts of flowers.

Mrs. James Scott and family wish to express to their many friends, relatives and neighbours their heartfelt thanks and appreciation for acts of kindness, messages of sympathy and beautiful floral offerings extended to them in their recent sad bereavement in the loss of a dear husband and father. Especially thanking Rev. H. J. Scott for his comforting words; also Dr. Bowers, the Corporation of the Town of Grimsby, and those who loaned their cars.

Spring Flowers and Irish Linen

HEARTSEASE and the promise of spring—symbolized by Chinese lilies and pansies—is the decorative theme of this Easter table setting. The pansy-patterned Irish linen tablecloth is in the same mood as well as being a dramatic background for the plain banded china and new plated silver.

ADOPTION

Mr. and Mrs. Laurence Hyatt are happy to announce the arrival of a daughter Kathleen Isabelle by adoption.

Grimsby Red Cross

PAID UP MEMBERS
Mrs. Mabel Hunter, Miss H. Walsh, Miss N. Cline, Miss Frances Doran, Miss Elsie M. Drury, Miss Helen Gadsby, Mr. R. D. Odipitts, Miss Marion I. Pettit, Mrs. J. V. Cameron, Mrs. Harry Powell, Jean Graham, Beattie Graham, Frank Little.

GREEN TREES GUESTS

Mr. and Mrs. J. R. Van Dusen, Tara, Ont.; Mr. and Mrs. E. A. Bruneau, Toronto; Mr. and Mrs. H. R. Masker, Genesee, N.Y.; Mr. and Mrs. Woodhead, St. Peterburg, P.A.; Mr. and Mrs. L. Wright, Ottawa, Ont.; Mr. and Mrs. G. H. Clark, Burlington, Ont.

BEAVER CLUB

The Beaver Club held a business meeting Monday night in the church room.

The shuffleboard tournament will end May 10th, and there will be a pot luck supper on Monday, May 31st. This will be the last weekly meeting for the summer months.

Hostesses of the evening were Mrs. R. Hyland, Mrs. G. Ryerson.

I.O.D.E.

Lincoln Loyalist Chapter, I.O.D.E., was well represented at the 28th Provincial Annual Meeting, held in Hamilton last week. Those attending were: Mrs. E. A. Buckenham, Mrs. W. H. Gowland, Mrs. Cliff McCartney, Mrs. E. W. Phelps, Mrs. P. V. Smith, Mrs. Nell Leckie, Mrs. R. N. Wolfenden, Mrs. W. H. Morris, Mrs. Walter Morris, Mrs. L. A. Bromley, Mrs. Wm. Lothian, Mrs. Wm. Greig, Mrs. H. E. Marlowe, Mrs. H. B. Matchett, and Mrs. Geo. F. Mitchell.

TRINITY SERVICE CLUB

There was a good attendance at the 10th birthday meeting of the club, held in the Trinity Hall Tuesday afternoon, the past president seach gave a short talk making mention of the progress the club has made, particularly the increased membership. The past presidents were Mrs. Gordon Sinclair (Toronto), Mrs. Erwin Phelps, Mrs. Arthur Clark, Mrs. George Mitchell.

Mrs. E. A. Brooks was the speaker for the afternoon and gave a talk on poetry; she recited several poems of her own composition. Nancy Gardham sang several children's songs.

Delicious refreshments were served including a huge birthday cake and the hostesses were, Mrs. J. H. MacMillan, Mrs. Ray McPherson, Mrs. Don Marshall, Mrs. Richard Mitchell and Mrs. Ella Merritt.

What the world needs is a stabilizer to make peace stable.

ORCHESTRA MEETING

The third Annual Meeting of the West Lincoln Concert Orchestra Association will be held at the home of the President, Queen and Mountain Sts., Beamsville, on Wednesday, April 28th, at 8.30 p.m. A full attendance of members is absolutely essential to dispose of business in connection with the re-ten-tion of the Charter.

The election of officers for the next fiscal year will be held as well as the consideration of such business as may appear on the agenda. The regular meeting of the Board of Directors will convene at 8.00 p.m. just prior to the Annual Meeting.

NATURE'S REMEDY

Nature is not to be discouraged by the bewildering problems of mankind. Despite trouble almost everywhere in this narrowing world, despite vast food shortages in a large part of the world, despite famine and disaster and the dreadful human cost of the war years, Nature has just about balanced its budget. Sir John B. Orr states that the net population increase for the world since the outbreak of the war was better than 100,000,000.

HEALTH CLINIC HELD AT THE PARISH HALL

Grimsby Child Health Clinic was held in St. Andrew's Parish Hall on Tuesday with a total attendance of 23. Of this number 13 were infants and 10 of pre-school age.

Four infants completed their immunization for whooping cough and diphtheria, and one pre-school child received a booster dose for these two diseases.

Five infants were vaccinated against smallpox. Two children were given skin tests for tuberculosis.

The remaining children received the first or second inoculation against these preventable diseases.

All the mothers were interviewed by either of the two public health nurses, Miss Isabelle Price and Miss Mary Floyd. The nurses gave the mothers advice and in-

APRIL SHOWERS DANCE WAS A BIG AFFAIR

By DON RICHES

Around thirty-five young men from the Beamsville district came up with a good idea when they organized themselves to form a social club, and called it Club 13. Club 13, catchy name, swell gang of fellows, with the dandy idea of throwing nice dances each month. Well, the third of their efforts was held at the Beamsville Community Auditorium last Friday evening and it was a smackeroo. A smackeroo means it was a great success with well over two hundred young (and some not so young) dancers in attendance.

They waltzed, fox-trotted, two stepped, jived themselves weary until one o'clock, some arriving on time at nine, and others not arriving until later. Anyhow, they seemed to all have a whopping good Friday night's fun, and after all that's what counts.

Music, and we might say excellent music, was supplied by the sweet and smooth stylings of Phil Gage, with vocals by his male singing star, Vern Scott. The Club members showed good taste when they arranged to bring the rhythmic eight piece band from Hamilton's famous Rainbow Room, to Beamsville for the dance. A dance has to be good when you have a fine band to dance to.

Naturally the dance had a name — The April Showers Dance, and decorations were in accord with this theme. Gay pastel colours were used, each light surrounded with streamers in bright spring shades, and in the center of each light, at the bottom of the streamer, was a spring parasol, upside down to form a shade. The bandstand was arrayed with spring flowers in front of a neat white picket fence.

Next month Club 13 will come up with another in their series of fine dances. Make it a point to be there.

Coming Events

The West Lincoln Branch, Canadian Legion, will hold a Bridge and Euchre at the Masonic Hall on Thursday, April 29th, at 8 p.m. Light refreshments will be served.

The regular meeting of Lincoln Loyalist Chapter, I.O.D.E., will be held at the Chapter Room, Village Inn, on Monday afternoon, April 26th at 2.45 p.m.

Grimsby Beach

MISS MAYCRITTENDEN,
Resident Staff Correspondent.
Telephone Your News Items To Her.

Miss Helen Wood of Jerseyville, visited at the home of Mr. and Mrs. W. Schott over the weekend.

Several summer residents opened up their cottages during the weekend so summer must be really on the way.

Mr. and Mrs. John Templin are spending a few days in Sudbury visiting their daughter, Mrs. W. Jarrett.

Mrs. Jack Green and her baby son, John, are visiting for a week with Mrs. Green's parents, Mr. and Mrs. James Gillespie, Park Road.

The Misses Pearl and Allie Hiles and Mr. F. W. Templin, who have spent the winter months at Lido Beach, St. Petersburg, Florida, returned on Friday to their cottage at the Beach.

Don't forget the Bridge and Euchre card party at the Park School Friday night, sponsored by the Parents' and Teachers' Association, to help with the Children's field day.

Mr. and Mrs. Willis Southward, who were recently married in Toronto, spent their honeymoon in Buffalo and New York. They also visited the groom's parents, Mr. and Mrs. Charles Southward last week.

Miss Jean Durham spent the weekend at Watertown visiting Miss Doris Hood.

Rev. Arthur L. and Mrs. Charles, Brooklyn, N. Y., are opening their summer cottage on the lake front, and are spending a few days there.

BEACH GIRL GUIDES
The Girl Guides of Grimsby Beach were all very successful with their cookie sale. Connie Burke had the most. She was assisted by other Guides.

At our meeting on Tuesday we first took up the dues and then went to patrol corners to review knots.

We had a knot game and then worked on our semaphore flags. We had some words in semaphore and then closed with "Taps."

BEACH CUB PACK

Cubs in uniform are a joy to behold! Don't forget yours on Friday.

Cubs Bill Lipsitt, Stan Pyett, Harry Astle, Gary Udell, Bill Dancer, Danny Shuwer, Danny Komaranski have one eye open now and will receive their 1st Star on Friday.

Akela and Kim passed the following in tests.
HEALTH—Donny Clements, Bill Dancer, Gary Udell, Danny Shuwer, Terry Molloy, Harry Dancer, Danny Komaranski, Jim Graham, Ken Christie, Don Nichols, Harry Astle, Doug Young, Stan Pyett, Bill Lipsitt.

KNOTS—Donny Clements, Bill Dancer, Gary Udell, Terry Molloy, Ken Christie, Stan Pyett.
TIME—Jim Graham, Fred Lee and Danny Shuwer showed us how easy skipping backwards is once you get the hang of it.

While the tests were being passed Scouts Verner and Lee kept the other Cubs busy with instruction and games. The pennant competed for each month was won by the Blue Six from the Brown Six.

Points for the competition are awarded to each six for attendance fee, uniform, tests passed and games.
Doug Young and Ken Christie will take the howls this week. Keep skipping and grinning!

BAPTIST CHURCH

The morning congregation in the Baptist church on Sunday heard an intensely interesting but pathetic story as the Rev. A. Klaupeks, a native of Latvia, and formerly the minister of a Baptist church in that country.

He experienced both the occupation of his country by the Germans and the Russians in turn, as his country and Estonia, by the fortunes of war suffered under the domination of these two countries. He said that of the two occupations that by Germany although hard was greatly to be desired to that of the Soviet Russia.

During the latter the leaders, the intelligentsia, were the special targets of the conquerors who feared their power over the rest of the people and consequently they were liquidated. The families of the peasant or laboring class were broken up, the men and boys sent to slave labor camps in Siberia and the women and children to concentration and prison camps where living conditions and lack of food made life almost intolerable.

Many of the leaders after undergoing hardship and privation succeeded in escaping from this domination and fled temporarily to neutral countries.

Mr. Klaupeks was dealt a little less severely with than other men because of his calling and was allowed to labor in slave labor camps at home where lack of food so impaired the strength of the men thus engaged that it took six men to lift a load that ordinarily two could easily lift.

He finally escaped to Germany and eventually to North America where because of his experiences he was made a member of a five-man Relief Committee representing the Baptist World Alliance with the particular task of securing homes and employment for the displaced persons from Latvia and Estonia who are living in concentration camps and who would rather die than return to their own countries while they are under Soviet domination.

Mr. Klaupeks' files contain the names of many fine families who would never wish to emigrate from their own homes under normal conditions but who are anxious to make a home in a free country and to devote their skills in fruit farming, lumbering, mining, bricklaying, to the advantage of their new country, and who need only the assurance of employment here to be permitted to enter Canada.

Any interested in securing such skilled labor in this district may communicate with Rev. Geo. A. McLean, Grimsby.

St. Andrew's W A

The monthly meeting of St. Andrew's W. A. was held last Monday afternoon at the home of the Misses Softley, Depot St.

Following the business session, the Rev. Mr. E. A. Brooks told the members that Archdeacon Andrews of China would preach on Sunday morning May 2nd; also that the Service of Witness would be held in St. Thomas' Church, St. Catharines, on Ascension Day, Thursday May 6th. Dr. Wells, Dean of New York, is to be the speaker.

Mr. Brooks gave the details of the opening of a club for young married people of the parish on Friday, May 7th, for which the W. A. is to provide lunch etc.

Mrs. Burton reported very good returns from the bake sale, and Mrs. H. B. Matchett gave a very complete and interesting report of the 66th Annual Convention of Niagara Diocesan Women's Auxiliary held in Hamilton April 13 and 14th.

At the close of the meeting the Misses Softley provided a surprise for all when they brought in a lovely birthday cake in yellow and white, the W. A. colours, complete with candles. Mrs. J. W. Unwin, as the oldest member, blew out the candles and cut the cake.

A vote of thanks was extended to Miss Violet and Miss Ethel Softley for the happy afternoon spent in their home.

ORDER EASTERN STAR

Grimsby Chapter No. 195, O. E. S., celebrated its 19th birthday on Tuesday evening, April 20th. The chapter rooms were filled to capacity with members and visitors from the district. The W. M., Mrs. C. Eimer, assisted by A. P., H. V. Betzner, presided.

Several letters were read from grateful recipients of food parcels that are being sent every month to some family overseas. Mesdames Gordon and Awrey Lipsitt were appointed to pack this month's parcels.

Mr. W. Lambert, P. W. G. P., of the Grand Chapter of Ontario reviewed the work and growth of the Grimsby Chapter through its 19 years of service, stating that it had fulfilled its obligation to the Grand Chapter and to the community. Mrs. W. Lambert, a member of the Grand Chapter benevolent committee, gave an interesting account of her work.

At the close of the business meeting a ceremony honouring the charter members was carried out by Mrs. Arthur Clark and other officers. Mrs. Marjorie Hitchman, Grand Chaplain, Mrs. Ethel Wray, P. M., Mrs. A. J. Hayward, Mrs. F. Jewson, P. M., Mrs. D. Cloughley, P. M., Mrs. Gordon Lipsitt, P. M., were the charter members present, and all spoke briefly, recalling some incident in the early history of the chapter.

A penny sale of home baking proved very popular. Mrs. L. Foster won the attendance prize.

During the social hour, Mrs. Lewis McNiven and her committee served a delightful lunch. Mrs. Hanna Ackert of Hamilton poured tea, the huge birthday cake having the place of honour on the attractively arranged table.

Guests were present from Iria, Delphnia, Kilwinning and Mizpeh Chapters, Hamilton, and Dorcas Chapter, Smithville. All brought greetings and best wishes for many more years of success for Grimsby Chapter.

Boy Scouts

1st GRIMSBY (LIONS) TROOP
All scouts who have not passed their tenderfoot are to work hard this week in order to complete the tests on Monday.

Members of the Scout Mothers' Auxiliary are asked to assist in the tenderfoot work by helping "their Scout" in his work.

The evenings are lengthening out and it will soon be possible to hold outside meetings.

All Scouts should make every effort to complete their tests for a "second class scout" as consideration is still being given to a ruling that only second class scouts should go to camp.

SPORTOLOGY

(By Bones Livingston, Sportologist)

WE'LL MISS HIM—Chuck Thompson, one of the better O.H.A. referees of the district is moving from his home town of Thorold. Chuck has bought himself a general store at Nelles' Corners over by Cayuga. Sure hope he doesn't get mixed up with the Ontario Rural Hockey Association. That's even a step lower than the O.H.A. Speaking of refs. Frank Elliott, the most efficient of the whistle tooters in the Niagara Peninsula is doing a nice job calling the plays in the Tigers-Ottawa Senior "A" finals.

YOU CAN HELP—You may not know it but RAZORBACK HILL is the new press agent for the Winona Hockey Club, that is the aggregation that performs in the FRUIT BELT LEAGUE. Hanky-Panky right now is busy promoting a benefit dance for one of the Winona players who suffered a bad leg-injury in the Fruit Belt play-offs and is still unable to work. This benefit will take the form of a dance and good time party in the Winona hall on Friday evening, April 30th. There will be modern and old time dances. Spot prizes. Door prizes. Plenty of fun for all. All proceeds will go to "Bill" Collins, the injured player. Do your part.

ROCKETS ARE THE CHAMPS—Well, holy toplein' timber, and pull me a two pin, Terry Jeffries' Rockets are winners of the Inglehart-Gledhill bowling trophy for 1947-48.

After a council of war with Limey, we finally have things straightened out, and so now we congratulate the Rockets as Champions of the Bowlway.

The Mountaineers and the Peach Kings are still bowling off for the Consolation prize, this contest to be decided on Friday night. Peach Kings took two out of three from the Mounties on Monday night, and will strive for a victory come this Friday.

After that all that is needed is the annual banquet, which is to be held on Wednesday night, April 28th, at the Day-Nite Hotel.

The girls of the Peach Queen's League are now in the semi-injured player. Do your part.

BARBARA ANN'S COAT—Writing in the Newsweek for April 12th, Sport-Scribe John Lardner has some caustic comment on Avery Brundage and his over-zealous crusade for the detection of handouts to amateurs. It was magnificent to watch Mr. B., says Lardner, trying to keep hockey honest at the Olympic Games; and he adds in parenthesis: "You will find more amateurs in a crap game than you will in amateur hockey." And he speaks of Mr. Brundage "flashing quick glances over his shoulder to see that nobody was trying to force an automobile on Barbara Ann Scott, the nifty Canadian skater. Canada is not Avery's province, strictly speaking, but his evangelism knows no boundaries. He will keep Barbara honest and amateur if she has to walk for the rest of her life."

But Avery does have his generous impulses and we ought to be kind to him. After all, he did permit Barbara to keep that quaint little hat with its tender rose so thoughtfully protected against March winds and April showers by a private umbrella. Nor has he, to date, protested the gift to Barbara Ann at Calgary of that lovely white buckskin coat and gauntlets to mark the enthusiasm and admiration of her western friends. A most considerate fellow, this Mr. Brundage.

From that cheery newspaper of the Canadian Rockies, the Crag and Canyon, edited by our friend, Lin Spiller, of Banff, we learned some interesting details about Barbara's buckskin coat. It was ordered from Norman K. Luxton whose Indian Trading Post and museum of Indian relics of all sorts combine to fascinate thousands of visitors to Banff. He in turn arranged for the delicate work of fabricating the coat and gloves to the personal measurements of the skating star. Two Indian women Mrs. Terry Paul and Mrs. Joseph Morigeau of the St. Eugene Mission, not far from Cranbrook, B.C., were selected for the work, and both are famed for their skill and artistry. Coat and gauntlets alike are of the softest, pure-white buckskin, and decorated with beads. All four of the coat pockets carry a dainty floral design with blue predominating in the color scheme. Beading also brightens front and back shoulder areas, while back, front and sleeves are fringed in the style dear to Indian hearts. Floral design of the pockets is repeated on the gauntlets. In all the long story of the East Kootenay Indian handicraft—which is said to be the finest on the North American continent—there has never been more perfect workmanship or more exquisite artistry embodied in any other garment than the buckskin coat designed to thrill Barbara Ann Scott.

IT TAKES PLENTY OF JACKEROO—How much does it cost to operate a hockey team for a season? What do arena operators think of present conditions. Are they satisfied with the set-up as it now stands. Are they content to sit back and depend on what revenue public skating and much meagre attractions will bring in? Hardly. Is it not logical for the management of an arena to do everything in their power to see that the town, city or municipality in which they are located, is represented by the very best that can be mustered together by way of a hockey team.

Let's be realistic. Can anyone of a number of artificial ice rinks in this southern part of Ontario hope to make their property a paying proposition with the present restrictions, rules, and decisions of the O.H.A.? The answer is no.

About the first question. How much does it cost to operate a hockey team for a season? We'll wager that very few of those many fans that support the Peach Kings have an inkling of just how much is involved. The figures are staggering.

Last year the Peach Kings won the Niagara Peninsula Group. They then battled through Brantford, Acton, Sarnia, Walkerton, and finally Markham, to become the Intermediate "B" Champions of the Province of Ontario. For this honour, expenditures totalling \$5500 were exhausted. Sure they were Champions! But it does cost a lot of lettuce here in West Lincoln, or anywhere else.

This season the Peach Kings again hit the play-off trail. They won the Intermediate "A" crown of the Niagara Peninsula, defeating Crowland Township. Yes, we said Township, even though the O.H.A. had definitely refused to admit the Peach Kings as a Township entry, or as a Beamsville-Grimsby combine.

Shoved out of this championship, in what was one of the greatest farces the O.H.A. has ever pulled off, the Peach Kings upset the Senior "B" Niagara Falls Maroons. No doubt this came as a great surprise to the O.H.A. Keep in mind that the Kings had very few games away from their own rink this season, and yet when Sarnia put a stop to the activities, a total of \$4500 had been spot on the team to get them as far as they did.

A town restricted from drawing players that will make up a strong team, cannot possibly hope to satisfy them behind the wicket in the arenas. If the present system continues there is a great chance that some or all of the artificial arenas may fold. This must not happen. It is our contention that it will not, if action is taken now to protect our arenas, and those persons who back the hockey teams.

By forming an association separated from the shallow regulations of the O.H.A., districts such as the one in which we live, will not only open the gate to potential stars who have no outlet for their abilities, but will, in turn make it possible for arena managements to build a team that will be worthy of the fans' support. With a first class team, and the patronage of the people, the operators of rinks will find themselves in a considerably strengthened financial condition.

The Niagara Packers are playing hosts to the Peach Kings Hockey Club on Saturday night, when members of the Club will be guests of the Packers, and of Peggy O'Neill and her nous Supper Club.

Members of the Club will be honoured at the weekly Supper Dance at the Village Inn, where Sonny Duncan and his famous orchestra of Bigwin Inn fame are currently playing to capacity crowds.

The Peach King party is open to anyone who would like to attend and one thing for sure, a good time is in store for all. Might suggest, though, that you call the Village Inn and make your reservation, if you plan on attending the Supper Club, and the Peach King Party.

WE'RE GROWING UP

In the ten years following Confederation there were 40 life insurance companies operating in Canada. They had a total business in force at the end of that period of just a few dollars short of \$150 millions. In the decade that ended

with 1945 the number of insurance companies had increased to 57. But these 57 companies, in that decade, paid out to their policy-holding customers just about ten times as much as all the business in force in the decade of a half century ago. We don't know exactly what this proves, unless it be that business

has grown up to the very substantial benefit of the customer.

A man has a sense of humor when he is sometimes able to laugh at himself.

Another bad form of inflation is for a fellow to have an inflated chest and a swelled head.

Over 4,000 can be SAVED!

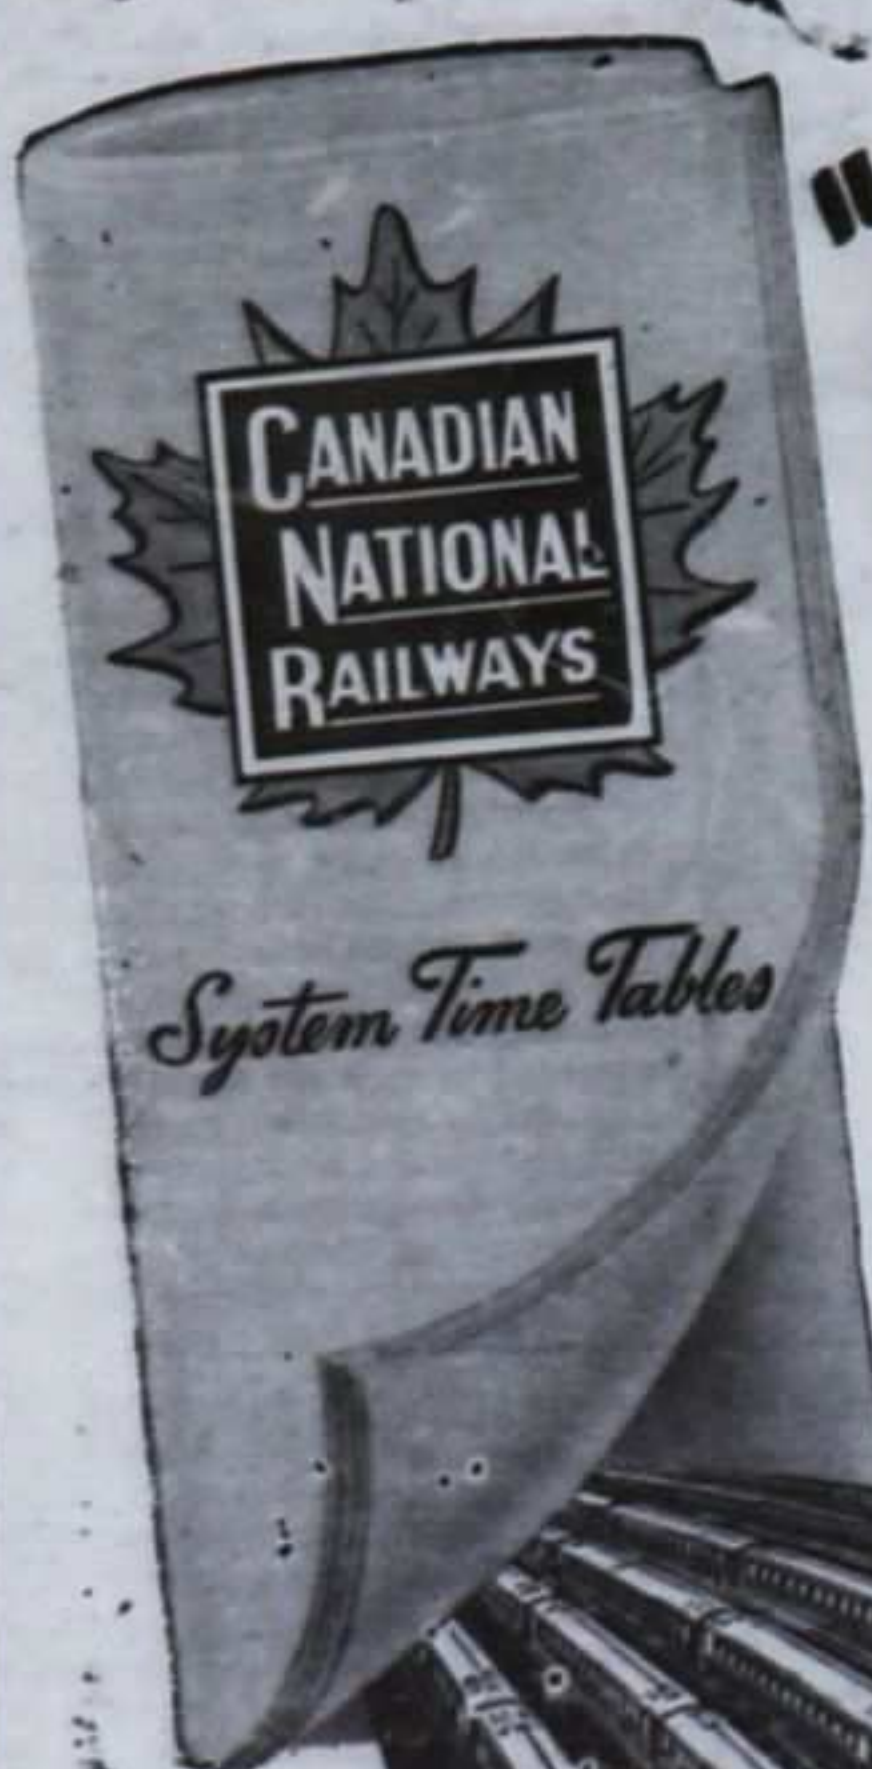

Over 14,000 Canadians are doomed to die of Cancer within 12 months. 3 out of 10—over 4,000 of those doomed to die can be saved IF Cancer symptoms are recognized and medically treated in the early stages.

The Canadian Cancer Society's educational program is designed to awaken our people to a new awareness of Cancer, and fight the fear of Cancer with knowledge. Become a member of the

CANADIAN CANCER SOCIETY

THE "BLUE" BOOK

OF FAMOUS

CANADIAN TRAINS

*Serving all
Canada*

Across the Dominion, even as you read this, thousands of travellers are speeding to their destinations on board trains of the Canadian National. Famous trains, such as The Continental Limited and The Ocean Limited, are spanning the distances from the Pacific and the Prairie Provinces to Eastern Canada and the Atlantic. The International Limited, The Inter-City Limited, The Washingtonian and The Montrealer, are typifying Canadian National's importance as an International carrier. Dependable "locals" are performing the undramatic but essential job of serving the "in between" points, and providing branch line connections with the fast Express trains. These are the trains, covering more than two million miles each month, that make up the Railway "Blue Book" of Canada—The System Time Tables of the C.N.R. The "Blue Book" is your "passport" to everywhere in Canada, or across the Border be your journey for business or pleasure, for an hour, a day, overnight or longer.

COURTESY AND SERVICE

Whether at home—or "going places"—in all contacts with Canadian National, you will experience courtesy and service.

Fire Chief Rescues Eleven Month old Baby WINS DOW AWARD

ROBERT DEY
OF PEMBROKE, ONT.,
performs gallant deed although
wrists slashed by broken window

It wasn't the sight of angry flames enveloping her two-story home that filled Mrs. Anderson's heart with terror. It was the thought of her 11-month-old baby boy—trapped alone in that blazing inferno! For a second or two she stood rooted to the ground . . . and then a scream from inside the house brought her back to reality. Three times, in spite of neighbours' protests, she tried to reach her baby. But she had to give up . . . her face and hair singed by the flames.

DEY ENTERS THROUGH WINDOW

By this time firemen were battling the blaze and Chief Robert Dey was attempting to force his way into the house. Finally he smashed a window and crawled through. Although both his wrists had been cut by the broken glass he fought his way into the blazing living room and managed to find the little boy. Then, choking from the dense smoke and terrific heat, he made his way back to the window and soon had the youngster safe in his mother's arms.

We are proud to recognize publicly the gallantry and outstanding bravery of Fire Chief Robert Dey of Pembroke, Ontario, through the presentation of The Dow Award.

THE DOW AWARD is a citation for outstanding heroism and includes, as a tangible expression of appreciation, a \$1000 Canada Savings Bond. Winners are selected by the Dow Award Committee, a group of editors of leading Canadian daily newspapers.

Desperately, Mrs. Anderson tried to enter the burning house. After three attempts, her hair and face singed, she realized that she must give up.

Stumbling through the dense smoke from room to room, Chief Dey finally found the child. Then, with the terrified boy in his arms, he fought his way back to the window.

DDT ORCHARD SPRAY HARMLESS TO BEES

Every year beekeepers in orchard areas suffer loss to their bees and crop through orchard spray containing poison. The introduction of DDT caused alarm because of its advertised deadliness to insects.

A drastic experiment was planned by the Bee Division, Central Experimental Farm, Ottawa, to test the effect of DDT on honeybees under orchard conditions. Three colonies of bees were placed in a four-acre orchard just prior to the blooming period, in order that the bees would be working the blossoms well when they were fully opened. As the trees were of mixed varieties the blossoming period lasted several days. When the early varieties were in full bloom they were sprayed with a normal solution of DDT. A few days later the late varieties were also sprayed with the same solution. The bees worked the blossoms freely even before the spray had dried. Dead bees were collected each day and later were analysed for poison. The death rate of the bees placed in the orchard was no greater than in colonies standing outside of the specially sprayed area. Later in the summer, when the cover crop of buckwheat in the orchard was blooming, it was sprayed heavily with DDT. Here again the death rate was no greater than in check colonies outside the area. The analysis of dead bees showed that in only one case was a lethal dose taken, and in all others it was far below it. The results indicate that no great harm to honeybees may be expected from DDT when it is used as an orchard spray.

WORK AND LIVE LONG

It appears from insurance statistics that work isn't as hard on the worker as we are sometimes asked to believe. The life expectancy of the industrial population of the United States, which can't vary much from what we might reasonably expect in Canada, according to the Metropolitan Life Insurance Company, in 1947 reached 66½ years. That is a gain of one year's expectancy of life over 1946. It is 20 years more than you would have had a right to expect in 1911-1912. Quite obviously we are not working ourselves to death.

The nation is returning to normalcy. Gyp artists are now fleeing folks with new schemes.

We don't go in for that report that Hitler is alive. We don't believe he would have lived this long without making a speech.

HOW MANY THOUSAND responsible positions in Ontario industries. The fourth boy predeceased his mother by some years. It was in January of this year, that Mrs. Davis succumbed from a lingering illness, and her passing was a terrible loss to Eli Davis. Time alone can heal the hurt, and so it is now that we had the distinct pleasure of sitting down with this fine man and learning his life story. He has 14 grandchildren and one great-grandchild.

At the outbreak of the First Great War, Eli moved to Strathroy, where he was employed in a furniture factory. He remained there until 1918 when he again moved, this time to St. Mary's, where he worked in a flax plant. It was here that the fabric was manufactured, that covered the aircraft of that period.

Eli recalls that he came to Grimsby in 1921. It was in April, and Eli must have thought this was indeed a fine place to live, for he has never left. He obtained employment with the old G. L. Eaton Coal Company, whose office stood where Art Forrester's Barber Shop is now located.

How many thousands of tons of coal this man has shovelled just cannot be ascertained, but Eli can tell you of the days when he would empty a carload single handed, without the use of such things as conveyors and the like. He can tell you of the Model T Ford truck that could transport a ton to a customer, if no hills were encountered on the way. The maximum load for this truck if you had to deliver on top of the mountain was half a ton.

Eli can tell you of his first residence here, and how he had to move when the power lines just north of the C.N.R. tracks were erected. He also can tell you proudly of his being privileged to play a double "B" bass with the old Grimsby Brass Band under the leadership of the station agent, Steve Bradley. Eli recalls happily the great festivities at the Beach, with Eli marching with the band, the vast throngs of people, the glare of the band as the gold braid glistened in a hot summer's sun. This was indeed a privilege to Eli, for he was a simple Indian, taking his place with the white man, and enjoying life so very much. Then he sadly tells of how Steve Bradley left town, and the band slowly disintegrated. It was a sad period for Eli Davis.

Life went on for Eli Davis, he was healthy, he had a home, a fine wife and family, but something was lacking until one day he and his wife attended a meeting in the old Orange Hall. It was a religious gathering, and from that assembly came the present day Gospel Hall. Eli was not a Christian, but he kept attending these meetings, and the teaching of Christ caused Eli to wonder. He had thought he had everything, but now here was something else. Eli Davis was baptized, and to this day, his swinging from a Pagan to a Christian stands out in his memory as the greatest of all privileges.

He sadly relates how even to this day, his fellow men and women on the Reserve, know little or nothing of the teachings of Christ, and Eli has taken to giving little assemblies on the Reserve talks on religion, and he has been so successful that his fine, strong features shine radiantly at the thought of helping others as he once was helped.

In the meantime the Niagara Packers had bought out the Eaton coal business, and it was only natural that Eli went with the deal. To say that he has been a great asset to the Packers is a gross understatement. As a customer once said—"It's not that your coal is any better, we just like to see Eli smile."

Reaching his middle sixties Eli has continued to work hard. He has lived clean, and shows an exuberance that belies his age, but last year the doctor told Eli that he should not work as before. So the Niagara Packers put Eli in charge of a new department. Now with the most modern equipment available, Eli Davis works on furnaces, cleaning and repairing them.

Eli has only two years to go before he will receive a pension from the firm that he has served so faithfully. To the people that know him, all that we have written is merely a tribute to a man whom they know is a fine man. To those who haven't met Eli Davis, we can only say that to meet him is an experience that you will not soon forget. The best tribute that we can pay to Eli Davis, is to say that it is we who are privileged in being able to write about Eli Davis—Citizen.

Robinson Crusoe should have been happy on that island. He didn't have to worry about foreign affairs.

A local weather prophet is the one who always reminds his friends when his predictions turned out to be right.

In some circles, a thing that hasn't a little touch of scandal isn't worth repeating.

AUTHORIZED GOOD YEAR DEALER

CONTINUATIONS

From Page One

FORMER GRIMSBY MAN with his uncle and aunt, the late W. F. Whittaker and Mrs. Mary Whittaker, Elizabeth, street. He was educated in Grimsby schools and while of late years he had resided in various places in Canada and the United States he had been a frequent visitor to Grimsby.

It is understood that the remains are being brought from Florida to LeRoy, N.Y., for interment.

BOARD OF EDUCATION been completed, however it is understood that the property will sell at the rate of a thousand dollars an acre. The land is good peach land, and is planted out.

Gardening is only one phase of the agricultural course that is now available to students of G. H. S. The Board feels that in this area, where a considerable number of the student body is comprised of rural students, the course is quite necessary and beneficial.

NEW MEDICAL OFFICIAL A sanitary inspector already lives there and at least two nurses will be attached to that office.

The new appointee will, however, have to secure a suitable dwelling in Beamsville, something that is hard to find these days, and the Board expressed the opinion that every effort should be made by people and officials of the district to find such a home. It was felt that by locating in Beamsville the doctor would be in the centre of the town and of the county as well as being near St. Catharines, where his services are required two days in every week.

Dr. Lorne Whitaker, chairman of the board of health, opened the discussion on the matter. He said he had visited Beamsville last week and had inspected the office premises offered the Health Unit in the new fire hall. He stated that he had been informed that it was expected that the Victorian Order of Nurses would also be enlarging their staff in Beamsville and the suggestion was made to him that the two organizations might share office space. While board members were in agreement that an office should be opened there, they stipulated in their motion that a rental not to exceed \$25 a month would be the limit they would go for of the space at this time.

"The impression I have gained is that the people in the west end of the county want someone to whom they can go with their problems and complaints," said Mr. Ross. He also stated that while there has been an assistant MOH assigned to the district, if the people did not know where to reach him they might feel that there is no service.

Dr. D. V. Currie informed the board that forms had been left with every municipal clerk and with all members of the county council and that every case reported had been investigated and a prompt report returned to the originator of the complaint.

Mr. Ross suggested that advertisements telling the people of the services available and just how to go about obtaining them should be inserted in the newspapers for a short period. This, he felt, would bring these matters to their attention. This will be done.

Reeve M. K. Misener, representative of the Lincoln County council, said that county council officials thought they could be better taken care of but felt that the new arrangement would be satisfactory. Ald. Harry Gale said that the people of the district wanted a doctor who would become part of the community life and voiced his opinion that the doctor should live in the district.

Dr. Currie's report for the month of March showed that 614 visits had been made in the city of St. Catharines during the month. In West Lincoln there were 321 visits and in East Lincoln there were 473, for a total of 1408. Population figures for the three districts were given as follows: St. Catharines, 35,276; West Lincoln, 15,900; East Lincoln 20,100. The visits included those to infants and pre-school children, school children, new families, maternal cases, tuberculosis, communicable diseases and others. Conferences were held with teachers, vision and hearing tests and a number of other services were supplied in all districts in addition to the visits numbered above.

The report also stated that two schools for food handlers have already been held in St. Catharines and one is planned for Grimsby and Niagara shortly. There were 23 marriages reported during the month and 141 births and 43 deaths. The chief causes of death were: Heart disease, 24; cancer, 7; accidental, 5; pneumonia, 2; influenza, 1, and all other causes, 4.

The man who thinks he is the life of the party sometimes kills it.

scientist says life is merely a fun of electricity. No wonder it is shocking.

County Council

Warden Frank Laundry of Beamsville opened the April sessions of the Lincoln County Council Tuesday in the court house in St. Catharines and members forecast that the meetings would be the speediest on record to date this year.

No contentious questions were in evidence and only two items of correspondence were tabled by Clerk W. H. Millward for the consideration of the members. It is expected that the sessions will be completed within two days.

The council was requested by the Council of the County of Peel to give their approval to a resolution calling upon the Provincial Government to amend the Municipal Act to provide that fixed assessments shall not apply to or affect taxation for county purposes.

The second item of correspondence was a letter from Dr. D. V. Curry, Medical Officer of Health of the St. Catharines-Lincoln Health Unit. He informed the members that the unit has caught up with the back-log of immunizations and examinations of school pupils and has done considerable work in regard to water supplies and milk production. Dr. Curry also expressed the hope that he would be able to meet with the councils of the various Lincoln municipalities in the near future to discuss their problems. The council was requested by Dr. Curry to consider some type of award for eating places that meet the required standards of sanitation and cleanliness and also requested by laws from municipalities with sewer services prohibiting the use of outdoor toilets.

The council was interviewed by Mr. Lorne Honsberger, a resident of Clinton Township, in regard to work done by him on the ditch along the county road fronting his property. Mr. Honsberger appeared before council last December to report that he had been compelled to bring in a bulldozer to deepen the ditch to prevent the water from crossing his land.

In December Mr. Honsberger informed the council that the total cost of the work had been \$50 and requested that the council pay fifty per cent of that figure. At that time the matter was turned over to the Special Roads Committee. Mr. Honsberger informed the council that he had heard nothing further in regard to his request and asked that council consider it today.

Acting on the recommendation of Deputy-Reeve Cecil Secord, the council informed Mr. Honsberger that they would view the work during the special spring road trip of the council on May 5 and 6.

Stuff 'Round Town

By DON RICHES

Seems to me I'm treading on strange soil here in Mister Mac's column, but when a guy's flat on his back in bed with a bad dose of the flu he can't very well write his column. That's why you're reading my byline at the top of this piece. As Bones says, "it all helps" so when given the opportunity to fill in one column of blank white paper with little black lines of printed matter, I leapt (or leaped, if you prefer) at the chance, and trust that what follows will hold some interest to the readers of Mac's weekly stint.

About hockey. Guess the big news at this writing is the great work done by the Maple Leafs of Toronto in capturing the Stanley silverware for the second consecutive year. The Leafs had a great team this year and held by some to be the greatest in Maple Leaf history. The way they came through in the playoffs with dropping only one game to Boston in the semi-final series, and then driving on to buck the rugged Detroit Red Wings into submission in four straight bruising contests, is no mean feat. The Maples of the 47-48 season will go down in history as one of the greatest hockey teams in history. For Coach Happy Day it's four world championships in seven years. Quite a record!

And along with the Leafs' impressive achievement, into the record books will go the feats of another true champion, Sylvanus Apps, who hangs up his skates and puts away his stick for good. Syl has been one of Canada's outstanding athletes for many years now and the idol of a million youngsters who play shinny on the frozen creeks and ponds from the little prairie towns to the fishing villages in Nova Scotia.

He and his Maple Leafs are a hockey institution in Canada and have been one of the reasons why the game is so widely played and followed in the Dominion today. The Leafs are no more Toronto's team in spirit than they are Winnipeg's or Grimsby's or Swift Current's team. As Toronto's Mayor MacCallum puts it "They are the Maple Leafs of Canada" and rightly so. Long live the Maple Leafs of Canada, the finest hockey team in the world.

And on that victorious note we pass on to Spring and her glory. She seems to be with us now to stay—Easter has come and gone, the Robins have made the annual northerly flight from wherever they go in the winter; the crocuses are breathing the fresh spring sunlight again; the creeks are freed

WARNING
WINONA RIFLE RANGE

Firing will continue to be carried out at the Winona Rifle Range until further notice. This property comprises the north half of Lot 22 and part of the West half of Lot 21 on the Lake Shore in the Township of Grimsby in the County of Lincoln. The danger area extends from the road allowance between the lot concession and broken front on the south and to a distance of one and one-half miles out of the lake marked by red buoys; and on the west the road allowance between lots 22 and 23 broken front, and on the east the division line between the north-east half of lot 21 and north-west half of Lot 21. Trespassing on this area is not permitted, and the Department of National Defence will not be responsible for any accidents which may occur.

BY ORDER

(W. G. MILLIS)
Deputy Minister,
Dept. of National Defence,
OTTAWA, Canada.

TOWN OF GRIMSBY

THE LOCAL IMPROVEMENT ACT, SECTION 41
NOTICE IS HEREBY GIVEN THAT the Council of the Corporation of the Town of Grimsby has constructed as a local improvement:

A sidewalk on the east side of Kingsway Boulevard from Main Street southerly to the southerly boundary of Lot 19; and on the west side of Kingsway Boulevard from Main Street southerly to Melrose Avenue. The cost of the work is \$1,308.00 of which \$172.00 is to be paid by the Corporation. The special rate per foot frontage is \$1.25. The special assessment is to be paid in five annual instalments. The estimated life of the work is ten years.

A watermain on Melrose Avenue from Kingsway Boulevard to a point 120 feet westerly from Rosslyn Avenue; and a watermain on Rosslyn Avenue from Melrose Avenue to a point 160 feet southerly from Balmoral Avenue; and a watermain on the east side of Kingsway Boulevard from the southerly side of Lot 19 to the southerly side of Lot 60; and a watermain on the west side of Kingsway Boulevard from the southerly side of Lot 19 to the southerly side of Lot 60; and a watermain on the west side of Kingsway Boulevard from the southerly side of Lot 19 to the southerly side of Lot 60. The cost of the work is \$1,897.00 of which \$900.00 is to be paid by the Corporation. The special rate per foot frontage is \$1.6252. The special assessment is to be paid in ten annual instalments. The estimated life of the work is ten years.

A sewer on Melrose Avenue from Kingsway Boulevard to a point westerly 160 feet from Rosslyn Avenue; and a sewer on Rosslyn Avenue from Melrose Avenue southerly to a point 160 feet southerly from Balmoral Avenue; and a sewer on the east side of Kingsway Boulevard from the existing sewer at Lot 19 southerly to the southerly boundary of Lot 60; and a sewer on the west side of Kingsway Boulevard from the southerly boundary of Lot 19 to the southerly side of Lot 60. The cost of the work is \$5,793.00 of which \$1,347.41 is to be paid by the Corporation. The special rate per foot frontage is \$1.538. The special assessment is to be paid in ten annual instalments. The estimated life of the work is ten years.

A sewer on Gillson Avenue from the line between Lots 77 and 78 to Main Street with an outlet to the existing sewer at the south end of Murray Street. The cost of the work is \$1,551.00 of which \$1,353.81 is to be paid by the Corporation. The special rate per foot frontage is \$1.538. The special assessment is to be paid in ten annual instalments. The estimated life of the work is ten years.

A COURT OF REVISION will be held in the Council Chambers, Grimsby, on Friday, the 30th day of April, 1948, at 7:30 o'clock in the afternoon, for the purpose of hearing complaints against the proposed assessment of the accuracy of frontage measurements, and any other complaint which is by law cognizable by the Court. DATED, Grimsby, Ontario, this 14th day of April, 1948.
G. O. BOURNE,
Clerk.

We sometimes think the public servant problem is just about as acute as the domestic kind.

BREVITIES

EVENTS and TOPICS
of the WEEK in
TABLOID

Port Dalhousie tax rate has been struck at 55 mills.

Don't forget to set your clock ahead one hour on Saturday night.

Canadian National railway time table and all bus line time tables change on Sunday morning.

A testimonial dinner was tendered to Thos. W. Allan, for many years a municipal official of North Grimsby township, at the Village Inn last evening, a full report of which will appear in our next issue.

The Children's Aid Society is appealing to the general public for financial assistance in its most worthy work. The Society this year requires a minimum of \$5,000, and if the work is to be expanded to meet present-day conditions, the amount should be greater. Recently another social worker has been added to the staff, and there is an urgent need for additional office workers.

50 YEARS AGO

(From the Spectator files of Wednesday, April 20, 1898.) John Durham of Grimsby, recently made 2,000 berry baskets in 9 hours and 40 minutes. This record will probably stand for some time.

REAL ESTATE

The beautiful lakeshore residence and farm property of Miss Enis Pidutti, Lakeshore Road, Beamsville, has been sold to Mr. and Mrs. Harry Darling of Timmins.

A fifty-five acre farm on the Thirty Mountain has been sold. Ashley Elliott was the former owner.

The St. Andrews Ave., residence of Mrs. Mary Case has been sold to Miss Marie Morphy of Listowel.

The residence of Dr. Gregor Smith on Gibson Avenue, has been sold to Mrs. Lucien Ranger of Sault Ste. Marie.

The above transactions were handled by Mr. P. V. Smith, Realtor.

The real estate office of Jack McCausland announces the following transactions.

The Grimsby Beach residence of Jack Hildreth, has been sold to Mr. Hugh Moody, Grimsby.

Obituary

JAMES SCOTT

A fine cottage in the park at the Beach, owned by Mr. Ernest Bramham, has been sold to Wilfred Fournie. Mr. Fournie is connected with the Pittsburgh Water Heater Co.

The Arthur Walker farm on the Grimsby Mountain, has been sold to Steve Kuzak, former resident of the Smithville area.

Sold privately. The home and property of the late Jack Newton, 8 Oak Street, Grimsby, has been purchased by Wally Phipps.

By private sale Mrs. C. D. Jarvis' fine home and property on Kerman Avenue, has been sold to Alex Runciman of Hamilton, a former Grimsby resident.

GRIMSBY POSTAL NEWS

An extension to Rural Route No. 1 has been granted by the Post Office Department. This extension covers from the top of the Mountain at Grimsby along the Ridge Road east to the Park Mountain. This accommodation is to take effect as soon as the patrons on this route have secured their boxes and erected them. Applications are available at the local Post Office.

On and after May the third the main lobby of the local Post Office will close at 8 p.m. instead of 9 p.m. as heretofore.

FORM WINE INSTITUTE

Formation of the Canadian Wine Institute, an organization which perpetuates the Wine Producers' Association on a broadened basis, was announced today by A. G. Sampson, president. Representing 18 Canadian wineries, the institute is designed to promote higher standards of wine-making through research and improved methods of processing and marketing.

HUMANE INSPECTOR
HANDLED MANY CASES

At the annual meeting of Lincoln County Humane Society Col. Nelson presented the report of Arthur Henry, Lincoln County Inspector, on the humane work of the Society in 1947.

He said that 4,426 calls had been received. There were 89 warnings issued, and 293 inspections made, which resulted in three prosecutions and three convictions.

The ambulance handled 4,339 animals. Eighteen horses were ordered in and 12 were destroyed. The society handled 1,492 dogs and 2,065 cats. There were 327 dogs placed in homes and 1,819 collected. 2,276 cats were collected and homes were found for 211.

Officials attended 274 accidents and rescued 18 animals. There were 108 other animals handled by the society. All this work counted for 19,550 miles on the speedometer of the ambulance.

Maybe the next war will be a war to end all civilization.

When the meek inherit the earth we wonder how they will get a peak behind the iron curtain.

"HE WANTS ME TO RUN AWAY WITH HIM AND BECOME A PEOPLE — CLAIMS THEY DON'T WANT TO INHABIT BECAUSE THEY HEAT WITH"

HEWSON'S COAL

Surviving are his widow, Annie; five daughters, Mrs. John Maddox, Mrs. Alex Cooper and Mrs. William Ballantyne, of Hamilton, Mrs. Peter Inlay, of London, and Mrs. William Hand, of Winona; and one son William T. Glover, of Hamilton.

LESLIE M. WILCOX

A resident of Grimsby for a number of years, in the person of Leslie Milton Wilcox, passed away Monday night at St. Joseph's Hospital Hamilton. He was in his 66th year.

Deceased was born in Clinton Township, and practiced as a mortician for a number of years. More recently he has been connected with a business firm in the capacity of salesman.

Besides his wife he is survived by one son, Russell, of St. Catharines, a daughter, Mrs. Fred Konkle, Beamsville, and a half sister, Mrs. J. Zimmerman also of Beamsville.

Funeral services will be held today from the Stonehouse Funeral Home, with services at 2:30 p.m. Interment in Queen's Lawn Cemetery.

Dear old GHS. will be host to the townspeople on Saturday, May 1st. The executive are planning our Spring Prom which promises to be a bang-up affair. The decorating, refreshment and advertising committees have their jobs well under way. This prom is to take the place of the "Ballerina Ball" which the executive were forced to cancel last month. The admission fee is to be one dollar a couple; the dress is informal and the orchestra is Stan Bernard.

Cadet Inspection has been set for the 21st of May. The band is shaping up with frequent practices through the week. Maybe that's why we all have headaches! The officers are to be chosen this week, and the platoons formed at 1:30 Wednesday in the period net aside for drill.

The Magazine Committee informs us that contributions for "Studentus" have not been forthcoming. It is up to you students to get behind your magazine and support it. Even if you are not a literary genius, attempt a story or essay that would be of interest to us all and hand it in.

Joke Of The Week!

Doug C.—"May I leave the room?"

Teacher—"Yes."

Doug C.—Leaps out the window.

The daily grind wears many a man down.
